[REDACTED]: We're on the record. Today is Wednesday, September 11, 2024. This is the transcribed interview of Beaver ESU member, [REDACTED] [REDACTED]. House Resolution 1367 directed this Task Force to investigate the facts and circumstances of the attempted assassination of Donald J. Trump on July 13, 2024 in Butler, Pennsylvania.

Pursuant to House Resolution 1367, Chairman Kelly and Ranking Member Crow, have requested this interview as part of the Task Force investigation.

BY [REDACTED]:

Q. Can the witness please state their name and spell their last name for the record.

A. [REDACTED], [REDACTED].

Q. Thank you, [REDACTED]. My name is [REDACTED] [REDACTED]. I'm a senior counsel with the Majority for the Task Force. I want to thank you for coming in today voluntarily for this interview. You're allowed to have an attorney present to advise you.

Do you have an attorney present today representing you?

A. No. I don't need one.

[REDACTED]: Next, starting with the Majority and then the Minority, can the additional

Staff Members please introduce themselves with their name, title, and affiliation.

[REDACTED]: [REDACTED], Senior Professional Staff Member, Task Force Majority.

[REDACTED]: [REDACTED], Investigative Counsel, Minority.

[REDACTED]: [REDACTED], Investigative Counsel, Minority.

[REDACTED]: Thank you, all.

BY [REDACTED]:

Q. And, [REDACTED], before we begin, I'd just like to go over the ground rules for the interview. The way the interview will proceed is as follows: The Majority and Minority Staff will alternate asking you questions, 30 minutes per side per round until each side is finished with their questioning. The Majority Staff will begin and proceed for 30 minutes, and then the Minority Staff will have 30 minutes to ask questions. We will then alternate back and forth in this manner until both sides have no more questions.

If either side is in the middle of a specific line of questioning, they may choose to end a few minutes past 30 minutes to ensure completion of that specific line of questioning,

including any pertinent followups. In this interview, while one member of the Staff for each side may leave the questioning, additional Staff may ask questions.

There's a court reporter taking down everything I say and everything you say to make a written record of the interview. For the record to be clear, please wait until the Staff Member questioning you has finished each question before you begin your answer, and the Staff Member will wait until you finish your response before proceeding to the next question.

Further, to ensure the court reporter can properly record this interview, please speak clearly, concisely, and slowly. Also, the court reporter cannot record nonverbal answers such as nodding or shaking your head, so it's important that you answer each question with an audible verbal answer. Do you understand?

A. Yes, ma'am.

Q. We want you to answer our questions in the most complete and truthful manner possible, so we'll take our time. If you have any questions or do not fully understand the question, please let us know and we will attempt to clarify, add context

1 to, or rephrase our questions; do you understand?

2 A. Yes, ma'am.

3 Q. If we ask about specific conversations or
4 events in the past and you're unable to recall the
5 exact words or details, you should testify to the
6 substance of those conversations or events to the
7 best of your recollection. If you recall only a
8 part of a conversation or event, you should give us
9 your best recollection of those events or parts of
10 conversations that you do recall; do you
11 understand?

12 A. Yes.

13 Q. And although you are here voluntarily and
14 we will not swear you in, you are required pursuant
15 to 18 USC 1001 to answer all questions from
16 Congress truthfully. This also applies to
17 questions posed by Congressional Staff in an
18 interview; do you understand?

19 A. Yes.

20 Q. If at any time you knowingly make false
21 statements, you could be subject to criminal
22 prosecution; do you understand?

23 A. Yes.

24 Q. Is there any reason you are unable to
25 provide truthful testimony in today's interview?

1 A. No, ma'am.

2 Q. Please note that if you wish to assert a
3 privilege over any statement today, that assertion
4 must apply to the rules of the U.S. House of
5 Representatives. For the Chair to consider
6 assertions of privilege over testimony or
7 statements, witnesses or entities must clearly
8 state the specific privilege being asserted and the
9 reason for the assertion on or before scheduled
10 date of testimony or appearance; do you understand?

11 A. I do not. I don't know what an assertion
12 is.

13 Q. Okay. An assertion of privilege, but you
14 don't have an attorney here today, so --

15 A. Okay.

16 Q. Finally, I'd like to note that the content
17 of what we discuss here today is confidential. We
18 ask that you not speak about what we discuss here
19 today in this interview to any outside individual
20 in order to preserve the integrity of the
21 investigation.

22 For these same reasons, the marked
23 exhibits used today will be provided to the court
24 reporter so that they may go into the official
25 transcript, and the copies of those exhibits will

be returned to us when we wrap up.

We plan to take a five-minute break at the end of each 30 minutes of questioning, but if you need to take a longer break or a break before that, please let us know and we will be happy to accommodate you. However, to the extent that there is a pending question, we would ask that you finish answering the question before we take the break; do you understand?

A. Yes.

Q. Do you have any other questions before we begin?

A. No.

[REDACTED]: Okay. It is now 1:09 p.m. Majority Staff will now begin its questioning.

EXAMINATION

BY [REDACTED]:

Q. [REDACTED], how long have you been a part of the Beaver ESU?

A. Approximately 16 years.

Q. What is your role with Beaver ESU?

A. Currently, sniper team leader.

Q. When you are not a part of the Beaver ESU, is there a secondary law enforcement agency you work for?

1 A. Yeah. My primary job is I'm a sergeant at
2 Economy Borough Police Department. I have 20 years
3 of service there.

4 Q. Okay. And with that particular agency, 20
5 years, to confirm for the record?

6 A. Yes.

7 Q. Thank you. And could you please repeat
8 your specific title.

9 A. Sergeant [REDACTED], Economy Borough
10 Police Department.

11 Q. Thank you. We're going to move to advanced
12 planning prior to the rally. When did you first
13 learn that the former president was coming to
14 Butler?

15 A. The Sunday prior to the 13th, whatever --
16 is that the -- I don't have the exact date. I can
17 pull it up on my phone. And I believe you have the
18 text message thread, so it's all there. Sunday the
19 7th.

20 Q. Thank you. And how did you first learn of
21 it, sir?

22 A. Via text message. It came out as
23 essentially a warning order. You know, we didn't
24 have anything hard. It just said that they were
25 requesting assistance, Butler was, and they needed

1 approximately six operators.

2 Q. And that warning order came from Butler --

3 A. [REDACTED]. Beaver County Assistant
4 Commander.

5 Q. Thank you. Were you involved in any
6 advanced planning for the visit prior to July 13?

7 A. I was not.

8 Q. Did you participate in any planning
9 meetings?

10 A. No, ma'am.

11 Q. Did you receive any resource requests from
12 the U.S. Secret Service or other law enforcement
13 agencies related to the July 13 rally?

14 A. Not from the Secret Service. I guess the
15 only thing that I -- initially on the 7th, they
16 were only asking for operators. I immediately
17 texted [REDACTED] and asked him if they needed any
18 snipers. His response was no, not right now. They
19 are only asking for overwatch from the BearCat. It
20 wasn't until Thursday the 11th somewhere around
21 noon, I believe -- I could look at my text thread
22 -- I received a text message that now they are
23 requesting sniper assistance.

24 Q. And could you sort of expound upon who
25 operators would include?

[REDACTED]

1 A. Operators are anyone that is not a medic,
2 sniper, or negotiator. So those are the guys that
3 kick the door in and go in and clear the house.

4 Q. When was that request? Could you repeat
5 that for the record?

6 A. For the snipers or for the --

7 Q. For general --

8 A. The 7th was the warning order for the
9 operators, and it wasn't until the 11th when they
10 requested snipers. During that -- I'm just going
11 to tell you everything.

12 During that timeframe when they did not
13 need snipers, they were not getting enough
14 operators. We were going to stand down. So myself
15 and [REDACTED] -- I couldn't stay for the entire
16 time, and he was supposed to work 3 to 11 that day.
17 We were going to work as operators in the BearCat.
18 I was going to stay till he relieved me at
19 approximately 4:00, and that's the role that we had
20 signed up for, up until the 11th where we had some
21 change in gears.

22 Q. Thank you, sir. So did you approve those
23 requests, and could you sort of describe in detail?

24 A. I mean, there was no approval. The request
25 was sent out. [REDACTED] asked to see how many

people I could get. When I sent the message out to my team, the only people that were still available were myself for part of the shift and [REDACTED].

Q. Is there a reason for that in terms of, you had mentioned, "still available"? Did other folks drop out, or were they taken off into other assignments?

A. So some of the guys on my team have not been to a basic SWAT, so they cannot do operator jobs. [REDACTED], myself, and I believe one other guy are the only ones that could operate as operators. Can I use that double word? Yeah.

Q. It makes sense.

A. Fill the role of operator, yeah.

Q. Were you aware of anyone else from Beaver ESU that was on an advanced planning team?

A. No, I was not.

Q. Prior to July 13, did you do any walkthroughs of the campaign rally location?

A. No, ma'am.

Q. Did you request to?

A. No.

Q. How did you plan on familiarizing yourself with the location if you hadn't done any walkthroughs?

1 A. Well, I knew that we would be having a
2 giant meeting prior to the deployment. That
3 happened at approximately 8:00 a.m. During that
4 time, Butler was going to give us our assignments,
5 which I believe was approved by the Secret Service.

6 This was an away away game, so for me to
7 be involved in the planning, I don't think was
8 necessary. It wasn't requested. If they would
9 have asked me, I would have went up there. I live
10 really close, so --

11 Q. Would it be routine for you to do sort of a
12 walkthrough of a site that you would be working?

13 A. No. I've done other presidential details,
14 and I've never been asked to do a site walkthrough.
15 That would have been a commander and the local
16 chief of police wherever that was at.

17 Q. Thank you. Were you aware that there would
18 be two Command Posts on July 13?

19 A. No. And that was not brought up during the
20 command -- the meeting.

21 Q. When did you learn that there were going to
22 be two Command Posts?

23 A. Never did.

24 Q. Did you know of any Command Posts for that
25 day?

1 A. I knew that there was going to be a command
2 post because it was on their -- I believe it was on
3 their briefing map, but I didn't -- I didn't know
4 who was going to be in there or anything about
5 that. I knew my specific role and where they were
6 sending me.

7 Q. Okay. Did you ask any questions with
8 respect to who would be at the Command Post or what
9 it would be used for?

10 A. Command Post, no, but I did ask questions
11 during the briefing.

12 Q. Okay. We'll stick with questions. What
13 questions did you ask during the briefing?

14 A. So I have to give you the full picture of
15 -- during the briefing, they put out a picture of
16 where everyone was supposed to be, and they really
17 didn't even have us on there. They had to pull up
18 a second one. And they had mentioned -- and I
19 don't know who gave the briefing. It was one of
20 the Butler guys. But this was the first time that
21 the Secret Service snipers were ever going to be
22 deployed for a noncandidate. That resonated with
23 me because I thought there might be a threat.

24 At the end of the briefing, I raised my
25 hand because nobody asked the question, and I said,

"Hey," you know, "what is the threat" -- and this is the first time in history of the Secret Service snipers coming out -- "What is the threat?"

Their response was, "Well, we asked the same question, but the Secret Service said there's always a threat but nothing in particular." They said at the conclusion of this brief the snipers were going to get their own briefing altogether, and then we were going to do a face-to-face whenever the Secret Service snipers arrived. None of that ever happened.

Q. Thank you very much for noting that, sir. We're going to circle back to that point. Did any discussion of the AGR Building come up in any planning conversations or briefings?

A. So during the main briefing, the team leader from Butler, [REDACTED], I believe his name is, he had mentioned that -- he had showed us where Beaver and Butler ESU were going to be, and it was at the AGR Building. He mentioned that his -- he was not at the walkthrough. He said the assistant team leader had done the walkthrough with the Secret Service. That is [REDACTED] [sic]. And he said initially [REDACTED] was supposed to be stationed with us, but for whatever reason, [REDACTED] got

1 reassigned the night before and he was not going to
2 be with us.

3 Q. Was there any discussion of any sort of
4 aerial surveillance or anything of that nature,
5 sir?

6 A. Yes. So one thing they asked us to keep an
7 eye on was for drone activity. And if we had seen
8 a drone, we were supposed to call out the location
9 per the map, the approximate size and height of the
10 drone, and that was going to be relayed to the
11 Department of Homeland Security that had some drone
12 -- drone team that were going to disable it. I
13 don't know who they were. I had no contact them,
14 but that's what was brought up in the briefing.

15 Q. Other than looking out for drones, was
16 there any discussion of local law enforcement or
17 anyone else that would be conducting any sort of
18 prior or concurrent aerial surveillance during the
19 event?

20 A. No, there was not.

21 Q. Did anyone inquire as to why?

22 A. I don't believe so.

23 Q. Were you aware of any conversations
24 regarding what the day of communications between
25 the Secret Service and local law enforcement would

1 look like?

2 A. I do, because that was brought up. We
3 asked how we would get ahold of them. Their
4 briefing guy said that the Secret Service was able
5 to patch into our radios and would be listening to
6 us.

7 Q. Can you go into detail about what your
8 understanding was in terms of what the Secret
9 Service could hear, what they'd be patching into,
10 what channels?

11 A. So what channels we were -- we were on
12 Butler OPS 4, is what we were told to be on. We
13 had no idea there was any other operational
14 channels that anyone else was on. So the radios
15 that we were given were already turned to Butler
16 OPS 4. We did our radio check once we got in
17 position with the -- I'm assuming it was one of
18 their dispatchers. They were doing half an hour to
19 an hour safety checks to make sure that we were
20 good to go. And my call sign that day was
21 4Sierra1.

22 Q. Thank you. So based upon what you had just
23 indicated, it is your understanding that the Secret
24 Service was patched in to 4, and that they were
25 able to hear what was going on over that radio

1 channel?

2 A. Because that's what we were told, yes,
3 ma'am.

4 Q. Okay. And prior to that, were you aware of
5 any plans for the Secret Service to use or listen
6 in to local law enforcement radios?

7 A. No, I was not. We are handed a briefing
8 guide, and their call signs were on our radio
9 dispatch, but there was no contact phone number for
10 any of them or their names.

11 Q. Did the Secret Service provide Beaver ESU
12 any advanced planning team with detailed
13 information about what was needed from your agency?

14 A. No, they were not. Up until last week, I
15 had not spoke to the Secret Service at all.

16 Q. Did you express any concerns about that at
17 any time, sir?

18 A. I did not. I thought it was a little bit
19 odd whenever they had our time to be in position in
20 the meeting time face-to-face with the Secret
21 Service. They did not -- they weren't -- they
22 didn't coincide. And being prior Marine, I like to
23 follow the plan and stick to the timetable.

24 Our SWAT team, our ESU team, is very big
25 on time. So we have a time to do our practice. We

1 have a time to get dressed. We have a time to
2 be -- so I believe in following a plan until a plan
3 fails. So I was following the plan that was given
4 to me.

5 Q. Understood. So fair to say the Secret
6 Service did not provide Beaver ESU with any
7 advanced information?

8 A. Zero, to my knowledge.

9 Q. Did the Secret Service have any type of
10 approval process for your agency's OPS plan?

11 A. I have no idea. I wasn't involved in the
12 planning.

13 Q. Okay. So we're going to move to the day of
14 the rally. And thank you for all of the
15 information so far.

16 A. No problem.

17 Q. So can you please start off by briefly
18 discussing a timeline of events for that day. You
19 had indicated there was a briefing that morning,
20 and I think for purposes of efficiency, I'd just
21 like to introduce as Majority Exhibit 1 the Butler
22 ESU Donald J. Trump detail, sir.

23 A. Thank you. Does this have our time on
24 target and everything?

25 Q. This may, sir, have a -- yes, about six

1 pages in there's an execution page, sir, with a
2 timeline of events. Next page I think you'll see
3 the actual hours. There we go.

4 A. Thank you.

5 Q. Okay. So we're going to drill down here a
6 bit further. So do you recognize this slide deck,
7 sir?

8 A. I do. I do have something to mention about
9 the briefing.

10 Q. Yes.

11 A. So in my 16 years in the ESU, it was the
12 worst briefing ever, except maybe the Pennsylvania
13 Attorney General's SWAT team. Theirs is really
14 bad. But, basically, they glossed over every
15 single page of this. The didn't even read their
16 use of force.

17 The only reason that I read every single
18 page was, as a team leader, I was given a hardcopy.
19 I knew our job was going to be important, so I read
20 every single page, every single slide, every "When
21 this happens, this should happen." But as far as
22 anybody else on the team, I don't know if anybody
23 else read it.

24 Q. And just to clarify for the record, sir,
25 who is "they"?

1 A. Any of the other team leaders. So
2 everybody that was in that briefing -- so that was
3 Washington ESU, Butler ESU, Beaver ESU, and any of
4 the supporting elements were in there. Because
5 Butler was just clicking over -- whoever was giving
6 the briefing -- and that is not usual. We
7 videotape ours. There wasn't even a sign-in sheet.

8 [REDACTED]: Do you know who else
9 received a hardcopy besides yourself?

10 [REDACTED]: I know [REDACTED] was to
11 receive one and probably one of the operators. I'm
12 not sure who was in charge that day. Maybe [REDACTED]
13 [REDACTED], but I'm not sure.

14 BY [REDACTED]:

15 Q. And to be clear, when you say it was
16 glossed over, that would be the individual that was
17 delivering the briefing from Butler?

18 A. Yes, ma'am. Yes.

19 Q. Following the briefing, would you say that
20 the general consensus among Beaver ESU or attendees
21 was that this briefing was glossed over?

22 A. Yes.

23 Q. Did anyone ask for additional detail or
24 express concern over how quickly they had gone
25 through the briefing?

1 A. Only myself.

2 Q. Did you express this to the group or
3 privately?

4 A. No, I asked -- I was the only one that
5 asked questions or additional direction on why the
6 snipers were there. And then once we left, [REDACTED]
7 and I were kind of standing around waiting for this
8 secondary sniper brief with everybody, and it
9 wasn't happening. And I was looking at the
10 timeframe for us to get over there, draw our
11 radios, and get in position. We ultimately made
12 the decision, "All right, we're going to go get our
13 radios. We're going to get in position. Because
14 if we don't do something now, it's never going to
15 happen."

16 Q. Okay. And was anyone from the Secret
17 Service at the briefing?

18 A. No, they were not.

19 Q. Okay. So let's circle back to this
20 briefing that the U.S. Secret Service was supposed
21 to be providing face to face and they never did.
22 Can you please walk us through, again, how you
23 learned that this face-to-face briefing was
24 supposed to occur and what time it was supposed to
25 occur?

1 A. I don't recall the exact time, but I
2 learned about it during the briefing when I asked
3 the question on "What is the threat? Why are the
4 snipers here?" That's when they brought up that we
5 were going to have a direct face-to-face with the
6 Secret Service snipers.

7 Q. And the Secret Service snipers never showed
8 up?

9 A. They were not there. I believe they came
10 late. I believe they showed up later,
11 approximately 1:30, if I had my text messages to
12 look.

13 Q. And at that juncture, there was no attempt
14 by the Secret Service to have a face-to-face
15 briefing with you?

16 A. Not that I'm aware of.

17 Q. Are you aware of any attempts by the Secret
18 Service to conduct that face-to-face briefing with
19 other Beaver ESU members?

20 A. Not that I'm aware of.

21 Q. Did anyone explain why the Secret Service
22 failed to deliver that face-to-face briefing?

23 A. No, ma'am.

24 Q. Sir, if you could please turn to the yellow
25 flag in this deck. So under "Contingencies" here,

we see "Assault on Former President Trump," "Butler County ESU Counter Assault Team Responsibility."

Sir, did you fall under that group?

A. I was not a counter assault. No, I was not.

Q. Okay. And if we page back to the blue, this page lists personnel under "Sniper Elements, Beaver ESU." We have you, sir, and [REDACTED] 4Sierral; is that accurate?

A. Where is that located at?

Q. The blue?

A. I don't see my name there anywhere.

Q. Next page.

A. Next page.

Q. There you go, yeah.

A. Yeah, we were both 4Sierral as far as the radio. Four designation for Butler County, Sierra being sniper, and we were the only team that was there, 1.

Q. Okay. So what, if any, role did you have with the counter assault team?

A. Nothing.

Q. So in terms of neutralizing threats or anything like that, did you have any responsibilities?

1 A. Yes. Of course, we were not considered
2 counter assault, but -- so it's a weird way. If
3 something would have happened and we would have
4 identified a threat, we would have been responsible
5 for taking out the threat. As snipers, we don't
6 have to ask questions or ask for "Hey, should I do
7 this?" If we see -- if we see something where if
8 we fail to act, someone's going to die, under
9 Pennsylvania law we are authorized to take that
10 shot.

11 Q. At what juncture, sir, would a threat have
12 risen to the level of force that you described?

13 A. Visible weapon. Pointing it at somebody.
14 A vehicle driving at an excessive rate towards --
15 to make entry, we'd have attempted to take out the
16 vehicle if we could have.

17 Q. And we'll get back to that. Did you have
18 any responsibility as to detainment efforts of
19 suspicious individuals?

20 A. No. That is not a role that snipers do or
21 counter snipers in this case that they call us.

22 Q. Let's go back to any maps that you were
23 provided of your assignment and other law
24 enforcement posts. So could you please go into
25 sort of any maps that you were given.

1 A. So we were provided with on overhead map of
2 everyone's locations. They had a shaded area with
3 different coordinates, like sectors of
4 responsibility. I don't know if that's in here.
5 If you have any of the -- yes, that's it right
6 there.

7 [REDACTED]: It's in the brief we got
8 from Butler ESU. If you want to use it as an
9 exhibit, I'll be happy to tear and out and give it
10 to you.

11 [REDACTED]: Can I see it? I want to
12 make sure that is the same one. That is not the
13 one they provided us.

14 BY [REDACTED]:

15 Q. I think I know the one you're talking
16 about.

17 A. So if you have the photo of my sniper
18 position, I have the two maps that were -- well,
19 one map was provided to me, and [REDACTED] printed
20 off an overhead and I put it -- yeah, that's it
21 right there.

22 [REDACTED]: Okay. I'd like to
23 introduce for the record Majority Exhibit 2, the
24 FPOTUS After Action Beaver County ESU/SWAT.

25 - - - - -

BY [REDACTED]:

Q. Sir, so Page 3 in this deck, "Materials Provided by Butler Command" with various sectors and colors. Is this the map that you're referring to?

A. Yes. Very similar, if not the exact one.

Q. Okay. At any point in time on July 13, was there any information shared with you by the Secret Service regarding communications to the agency if you saw something suspicious or needed to alert them of something?

A. No, ma'am. I had no communication with the Secret Service at all.

Q. If you needed to communicate with them, how would you have done so?

A. According to my briefing, they were Hercules1 and 2.

Q. So you would have been able to communicate over the radio?

A. That was my assumption, yes.

Q. Did the Secret Service provide you with any information about how to handle suspicious persons?

A. No, ma'am.

Q. During the morning briefing or in any operational plans you were aware of, was there any

1 information about the AGR Building?

2 A. No.

3 Q. Let's go into your assignment in a bit more
4 detail. So what was your assignment for that day?

5 A. They kept calling us counter snipers, but
6 basically our assignment was to cover Section 1 and
7 Section 3 in this overhead map. The yellow and the
8 blue, being Section 3 is the blue.

9 [REDACTED]: Just to be clear, for the
10 record, [REDACTED] is referring to Page 3 of the
11 materials proceeded by Butler Command map in
12 Majority Exhibit 2.

13 BY [REDACTED]:

14 Q. Who gave your assignment to you?

15 A. [REDACTED] from Butler.

16 Q. What was his position?

17 A. Team leader for Butler snipers.

18 Q. Had you worked with him in the past?

19 A. He had apparently been in a sniper school
20 that I was hosting, so, yes.

21 Q. What time did you get to your assigned
22 post?

23 A. I believe we are in position around 10:40,
24 I believe.

25 Q. Was that in line with the timeline that you

1 were given at the briefing?

2 A. We were 20 minutes ahead of our timeline in
3 position.

4 Q. What other instructions or instructions in
5 general were you given about your assignment?

6 A. So when we arrived, [REDACTED] and I took
7 our personal vehicles over to the AGR Building. We
8 were supposed to be met by Butler. Nobody came.
9 So we had to swipe card. I seen where a swipe card
10 could go. We assumed we'd walk over and we would
11 let ourselves into the building and unload our gear
12 and proceeded to wait for Butler.

13 Several minutes later their assistant
14 team leader [REDACTED] and Butler Sniper [REDACTED]
15 arrived. [REDACTED] took us up and put us on the floor
16 and into the -- showed us three different cubicle
17 office buildings where we could take our positions,
18 the best covered what we were given to in the
19 briefing.

20 Q. Did you think that the instructions you
21 were given were sufficient?

22 A. No, I do not, because [REDACTED] had not even
23 been in the briefing. He had no idea what radio
24 frequency we were supposed to be on or what we were
25 supposed to be looking at, so [REDACTED] and I had to

1 fill him in. Basically, we were kind of left to
2 your own to try to figure out where to cover these
3 gray corners or these shaded areas.

4 Q. Is it fair to say that Beaver ESU, due to a
5 lack of specific detail provided by Butler ESU, had
6 to make its own decisions as to responsibilities?

7 A. We knew what our responsibility of coverage
8 was. It ended up being tasked out to us to find
9 the best position that we could cover. So what we
10 ended up doing was we built a overlapping field of
11 fire from our positions to the best that we could,
12 and we held those positions.

13 We did move amongst the different
14 windows whenever we seen something that we thought
15 was suspicious, leaving our main rifle on our
16 tripods -- at least [REDACTED] and I did -- and moved
17 along. We had our sidearms, but we had our guns
18 positioned in the area that we were assigned.

19 Q. And did you feel confident that, you know,
20 based upon your years and years of experience that
21 you had sufficiently laid out a coverage area?

22 A. Absolutely not. No, I didn't.

23 Q. Can you expand upon that?

24 A. So as soon as we got there, [REDACTED] and I
25 started discussing that we were in the wrong

positions. That they were calling us counter snipers and they were using us as a traditional sniper. So traditional sniper, hidden, having a view of the crowd, shooting from outside in, we did not have a view inside out.

I assumed that the Secret Service snipers were going to have an overlapping field of fire with us. We were covering in, they were covering out. And I was -- [REDACTED] and I had these conversations like, "All right, what are we going to do?" And I started typing out a text message to our person in charge of Beaver that day, [REDACTED]. And right when I was about to send it, three state trooper cars pulled into the middle of the buffer, and they were facing out watching us.

So then I felt -- kind of felt like we were part of a puzzle that I didn't have the big picture of, and as long as I did my part, the puzzle was complete. Because the state police -- we were watching out, the state police was watching us, and the Secret Service snipers were watching. It all made sense to me at that point.

Q. Would you say that there were silos of assumptions that were going on between local law enforcement, PSP --

1 A. Yes, because we were told that PSP was
2 going to handle everything crowd outside of a
3 secure area. That's what we were told in the
4 briefing, but there was no state troopers that I
5 knew of that were in the briefing.

6 Q. How would you have supplemented the
7 coverage? You stated that you had assumed Secret
8 Service was sort of helping to supplement that
9 coverage or to cover areas that were uncovered.
10 How would you have remedied that?

11 A. Well, prior to us arriving, we were told to
12 be prepared for an outside deployment. So we came
13 prepared with all of our gear, extra water,
14 sunscreen. Everything that we could do to
15 maintain. Then we were placed inside that building
16 per their plan. I believe that we were in the
17 exact wrong location.

18 I would have -- if this was my -- I
19 would have picked that cellphone tower and inside
20 the secure area as one of our positions, and I'd
21 have found an additional area to place somebody
22 else, either at a ground hide with some elevation
23 -- it was relatively flat other than one -- well,
24 where the cellphone tower was, so I think that we
25 probably could have covered the danger area from

the ground or even a vehicle.

Prior to the state troopers pulling in, I asked [REDACTED], I was like, "Do you want to take your unmarked and go set up a vehicle hide?" Then the state police took that area, so that was out.

Q. You had indicated you assumed that the Secret Service was going to be covering additional territory. Did you seek to confirm that in any way with anyone?

A. I did not. I kind of kept waiting for the briefing that the Secret Service was going to give us and it never happened.

Q. Okay. You also indicated you would have, you know, picked the cellphone tower. Did you indicate this to anyone as to, "Hey, guys, I think we need," you know "someone else over there" or -- you know?

A. I did not, because as soon as [REDACTED], he was running late. As soon as [REDACTED] dropped off [REDACTED] and showed us where to be, he was gone. And, like I said, I was drafting the text message. Had the state troopers not pulled in at that exact time -- I did not end up sending that message. I deleted it. I was like "Oh, (indicating), "Now it's making sense."

1 Q. So were there any changes in posts made --

2 A. No.

3 Q. -- after you showed up to your assigned
4 area?

5 A. No.

6 Q. Are you aware of any other changes in posts
7 by any other Beaver ESU members?

8 A. No, ma'am. Oh, secondhand, yes. So where
9 they were told the BearCat was going to be
10 positioned is not where they ended up. They got
11 backed up outside of -- I believe they were using
12 the BearCat as a show of force per the briefing,
13 but they were -- I don't know who told them to back
14 up and kind of get out of the way.

15 Q. One more question, sir, and then my time is
16 up for this round. Did you ever communicate with
17 the U.S. Secret Service counter snipers on July 13?

18 A. No, ma'am.

19 Q. Did you receive any OPS plans or
20 information from the U.S. Secret Service counter
21 snipers?

22 A. No, ma'am.

23 [REDACTED]: Thank you. That's my time.

24 [REDACTED]: Real quick. If you're
25 close to a breaking point, feel free to continue.

1 [REDACTED]: No, we're going to switch
2 to the operational period our next round.

3 [REDACTED]: All right. Do you need a
4 break?

5 [REDACTED]: No.

6 EXAMINATION

7 BY [REDACTED]:

8 Q. All right. It's 1339. This is [REDACTED]
9 [REDACTED] with the Minority. So this is a unique
10 thing in that a lot of these questions are going to
11 be just -- would have been the same. I'm not going
12 to ask them again. This is a very collegial
13 bipartisan thing.

14 What I'm going to try to do now, there
15 are a couple things I kind of want to go through,
16 fill in, make sure I'm understanding.

17 A. Sure.

18 Q. Very much the same thing where if you -- if
19 I'm not saying something that's completely clear,
20 because this is for the record, please correct me.
21 And like you just did, if there's anything that you
22 think, "Hey, he asked this," "He asked X, but Y is
23 relevant," "I want to insert that," or "Some people
24 said this on the news about that," jump in. This
25 is kind of a give and take. All sound good?

1 A. Yes.

2 Q. Super. All right. So quickly, you're a
3 Conway Borough sergeant?

4 A. No, Economy Borough.

5 Q. Economy. Can you spell that for me? I'm
6 sorry.

7 A. E-C-O-N-O-M-Y.

8 Q. Okay, yeah. Economy. Not Conway.
9 Economy. And my understanding, tell me if I'm
10 wrong, is that's your day job, and then you also
11 have a separate job with the Beaver ESU.

12 A. Yes. So I'm employed by Beaver County as a
13 -- this is my second employment, but, yes. Not for
14 training, but for callouts.

15 Q. That's something where when you're needed
16 in particular as a sniper, you were needed to do
17 something to support a particular mission that
18 requires it. You're called in. You go do that.

19 A. Yes. So basically every municipality in
20 the county has signed an agreement should something
21 happen while we're on duty -- say I'm working in
22 Economy and something happens in one of the other
23 communities, we go directly as a SWAT team. The
24 on-duty guys are the first to go. Once more people
25 come, if we have to leave, we would go back to our

own departments, if that makes sense. It's a quicker response than waiting eight or ten hours for the state police.

Q. Understood. And then this was even beyond that, because this was a different ESU who then says, "Hey, we need some more people." [REDACTED] or Deputy [REDACTED] calls you in, and they need operator snipers, as you said, and now you're kind of -- would you say detailed over to Butler?

A. So I'm not going to talk bad about them, but they're not to the level -- Butler is not to the level of our team. We're a Tier 1 team. There's things that we can do that they cannot. So we work with them. We assist them on operations. Prior -- two weeks prior to that, we were out, they had an active shooter. They called us in and we helped isolate the guy and eliminate him. So it's not unusual for us to work with those guys and Washington County.

Q. Tell me what Tier 1 means.

A. Tier 1 is the top tier, so, basically, we can do just about everything. The only thing we don't have access to is helicopters. We don't have them.

Q. So is tier about quality or capability or

1 both?

2 A. Year and capabilities.

3 Q. Okay. Butler, do you know what tier they
4 are?

5 A. I believe they're a Tier 3.

6 Q. What lack of capabilities and/or gear do
7 they have?

8 A. I don't believe they have night vision. We
9 have a hundred percent night vision. They purchase
10 their own armor. We are given armor through
11 Domestic Terror -- or Region 13 of Terrorism --
12 Counter Terrorism Force. And I don't believe that
13 they do hostage rescue, and we do.

14 Q. Are they a newer team?

15 A. They are.

16 Q. So in a sense, is it fair to say they're a
17 newer team so they're building up their
18 capabilities and gear. But in emergency situations
19 where more is required, they call you in?

20 A. They call us and the state police, yes.

21 Q. If this event had been in Beaver County,
22 it's a possibility you guys could have handled it;
23 is that fair?

24 A. It's possible, yeah, but we still may have
25 tasked out for roles of snipers. Like we might try

1 or need to get extra snipers. We never have
2 enough.

3 Q. That's just manpower. You need more folks.

4 A. Exactly.

5 Q. Big event like this, lots of things to
6 cover.

7 A. Well, and there's not a lot of snipers. So
8 I believe the state police, they try to have eight
9 for the entire state and they can never have eight.
10 So we have eight assigned to me, and I only have
11 five. But the real guys, by the time you take out
12 someone on vacation, someone injured, there's
13 usually two or three of us.

14 Q. Yeah. Who did you consider like -- how to
15 say this -- your boss or your direct report on July
16 13th? Who would tell you what to do?

17 A. Ultimately, it would have been [REDACTED] is
18 who I would elicit direction from. That day,
19 through our text message chain, [REDACTED] was kind of
20 our direct supervisor for any sniper-related
21 questions.

22 Q. And I want to also make it clear, so your
23 ESU duties you're doing out here, you've also just
24 come off a shift from your Economy duties; is that
25 right?

1 A. Yes. I finished up this morning.

2 Q. All right. So you had a busy day. We
3 appreciate that. All right, my colleague very
4 helpfully took us through a lot of these questions,
5 so I'm going to kind of hit you with anything I
6 feel like I need to fill in. For instance, you
7 said you were signed up initially do be an
8 operator; is that right?

9 A. Yes.

10 Q. And that's because an operator -- I don't
11 want to say has lesser skills, but just different
12 folks can be an operator, whereas a sniper, you
13 need to be a great shot and have other things; is
14 that fair?

15 A. Yeah. It's not that they are less trained
16 or not as good as us. We can do their job. They
17 can't do ours because of the gear.

18 Q. Makes sense. I want to also ask about
19 this: Would it be fair to describe the role as you
20 understood it on July 13th to be sort of crowd
21 oversight?

22 A. Yes.

23 Q. Is that a typical role?

24 A. It is. So I have worked other presidential
25 details, and a lot of it is just watching the crowd

1 for anything that you deem suspicious or out of
2 nature.

3 Q. In that role, they typically have snipers
4 fill in?

5 A. They do.

6 Q. Would that role typically require someone
7 to be more in public and visible, or would you want
8 someone a little more inconspicuous?

9 A. I've done it both ways.

10 Q. Let me ask you about those prior events.
11 What prior presidential events have you done?

12 A. Donald Trump's event when he came, I
13 believe, in 2019. I had done -- I did President
14 Obama's. The night of the election for Biden, I
15 did his first stop in Beaver County. Palin. I
16 can't even think of them all, honestly.

17 Q. A bunch.

18 A. Yeah.

19 Q. In those events, were you in a similar type
20 of either sniper, counter sniper role?

21 A. So, yes and no. So I've always been in the
22 sniper role, but depending on the Secret Service
23 directors, sometimes they have us with our rifles
24 hidden. We can be up there. They want us using
25 our binos. And unless something bad is happening,

1 we cannot touch our rifles.

2 Q. Did you have direct interaction with the
3 Secret Service in those other ones, for those other
4 events?

5 A. Not really. And, honestly, when the Biden
6 came, they let us walk right by with four sniper
7 rifles on our shoulders and put us up on the roof
8 right above Biden and never even IDed us. Didn't
9 talk to us. They just said, "Hey, guys, be careful
10 up there." And I mentioned -- I wasn't a team
11 leader at the time, and I looked at my team leader,
12 and I was like, "Man, this feels really weird."
13 Like, why would they just not even ID us.

14 Q. You weren't even, like, vetted in that
15 case.

16 A. No. No. They were just standing there.
17 We just walked with our rifles. We had multi-camo
18 on. I guess we looked like SWAT guys and they just
19 let us go up.

20 Q. In this event, to your awareness, did
21 anyone ever ask for your IDs?

22 A. Yes, they did. So I was IDed, but they
23 were not Secret Service. It was Butler sheriffs.
24 For us to get in the law enforcement parking, we
25 had to show our police IDs.

1 Q. So that was the morning of the 13th?

2 A. The morning of the 13th.

3 Q. Prior to the brief?

4 A. Prior to the brief.

5 Q. What time did that brief occur again?

6 A. We had to be there at 8:00.

7 Q. All right. How would you describe level of
8 organization, the structure, the planning from this
9 event? How would you compare it to prior
10 presidential events?

11 A. So, initially, I was impressed because,
12 like I said, they had a special parking area. They
13 had it vetted. They had security set up. It
14 wasn't until the briefing itself, which I thought
15 was less than it should have been.

16 Q. You, in fact, said it was, other than maybe
17 one from the AG, the worst you've ever seen.

18 A. Yeah. No one had their game faces on.

19 Q. And that briefing was given by a Butler ESU
20 officer?

21 A. Yes.

22 Q. Do you remember whom it was?

23 A. I did not know his name.

24 Q. If I showed you a picture, would you
25 potentially recognize him?

1 A. Potentially.

2 Q. I'm showing you a picture of an individual
3 on my computer. Was it this individual here?

4 A. Not that I -- no, because he didn't have a
5 hat on.

6 Q. Okay; fair enough. I showed a picture of
7 Sergeant --

8 A. Who is that?

9 Q. Sgt. [REDACTED]. Do you remember if he was there
10 or his name?

11 A. I believe he was in the Command Post, only
12 because I overheard that, but he was not the one
13 that gave the briefing.

14 Q. Do you know if he was at the briefing?

15 A. I don't.

16 Q. Let's talk a bit more about that briefing.
17 You said that ESU -- you believe the ESU plan was
18 approved by the Secret Service; is that right?

19 A. Yes. Only because I talked to [REDACTED] post
20 incident. Mostly it was about why we weren't put
21 on the roof. I talked with him -- I was -- I knew
22 it was going to be difficult for those guys with
23 the media and everything coming down on them. So
24 as one of my roles in the county here, I'm a peer
25 to peer support and I'm a crisis intervention team

member. So I kind of did an impromptu phone call. I was lifting weights one day, and I was like, "I better check on him. I haven't seen him." So I called him, and then he disclosed some information on that phone call.

Q. All right. And we'll get back to that phone call, very much.

A. Yeah.

Q. But real quick, the morning of the brief you assumed it was approved by ESU because of --

A. Every one that I've ever done before, you basically -- the Secret Service tells you what to do and you do it.

Q. Yeah. That is -- all right, I want to talk about -- and I believe -- is [REDACTED]? Do you know?

A. It might be [REDACTED], yeah. Sorry.

Q. No, you're fine. Different individual. So I'm looking at the Majority Exhibit 1, and I'm looking at "Personnel Sniper Element." Oh, I'm sorry. No, I'm not. But do you know if [REDACTED] was supposed to be with you the day of?

A. We were told he was supposed to be with us that day. He got transferred out.

Q. Do you know what his role would have been

1 had he been there with you?

2 A. Well, he was the assistant team leader for
3 Butler ESU snipers, so I'm assuming he would have
4 been directing us or our point of contact should we
5 need something additional or additional resources
6 through Butler.

7 Q. Had he been at the walkthrough that you're
8 aware of?

9 A. Yes.

10 Q. And he would have been AGR second floor?

11 A. Yes.

12 Q. Who told you at the briefing that the
13 Secret Service could hear your radio?

14 A. Whoever was giving the briefing that day, I
15 don't know his name. And I believe it was backed
16 up by [REDACTED].

17 Q. But they were clear that whatever you say
18 on your radio, Secret Service will hear?

19 A. They said they were patched in.

20 Q. Are you aware, is that the OPS 4 channel,
21 is that something --

22 A. Yes.

23 Q. So OPS 4, Secret Service patched in, you
24 say something -- you're like, "Hey, Secret Service,
25 how you doing," someone at Secret Service should be

1 able to respond over OPS 4?

2 A. That was my belief.

3 Q. I want to talk briefly about the switch
4 from operator to sniper -- or sniper/crowd
5 overwatch. Is it your sense that was because --
6 well, tell me why there was that original switch
7 between the operator to then being a sniper. Like
8 why was there that role change?

9 A. Why? Because when I asked if they needed
10 snipers, they did not need snipers at that point.
11 That was that Sunday, and it wasn't till that
12 Thursday afternoon or early evening that they had
13 requested snipers coverage. And I don't know if
14 that came at the direction of Secret Service, or if
15 that was just something Butler realized they could
16 not provide on their own. So that, I don't know.

17 So when they were not being able to
18 staff -- fully staff the BearCat or armor unit with
19 operators, and we were going to be put on standby
20 by or commander, [REDACTED], I was like, "Well,
21 I can chip in and be an operator and help fill this
22 position so we don't" -- because I thought being on
23 standby, should something happen, was not going to
24 be helpful.

25 Q. The role that you had as crowd oversight,

do you have any notion of whether Secret Service knew that's what you guys were doing or had that role in mind?

A. I have no idea. I can't testify to that.

Q. Fair enough. But, again, your presumption based upon your past experience and the process is that Secret Service would have had an input in that?

A. Yes.

Q. I'm looking now also -- and sorry to jump around a little bit, but I'm looking at these text messages with the sniper groups. Is that -- are you familiar with what I'm talking about?

A. Yes, I am.

Q. You were -- I'm looking at one that has been provided in the production. It's image -- img_0533. I just want to be clear, you're the one who provided these text messages?

A. I was.

Q. You're in the green?

A. Yes.

Q. We'll get to the content later. I just want to make sure I'm oriented to you're the one who did those. There's someone named [REDACTED]. Is that [REDACTED]?

1 A. Yes.

2 Q. Okay. And then there's also a ■■■, ■■■

3 ■■■■. Do you know who that is?

4 A. ■■■■?

5 Q. ■■■■, yeah.

6 A. I believe he's one of the Butler snipers.

7 One of the younger guys.

8 Q. Do you know where he was on that day?

9 A. No.

10 Q. Did he ever have any input that you recall
11 offhand from that?

12 A. No.

13 Q. I want to move on from planning to your
14 initial perceptions of the AGR Complex. When you
15 saw that that's where you would be and had been
16 taken to the second floor inside, what were -- did
17 you have any general concerns or general thoughts?
18 I know you addressed it a little bit, but what were
19 they about that location for your role?

20 A. So general concerns was that we were listed
21 as counter snipers, and they were using us as a
22 traditional sniper role.

23 Q. Is that just a nomenclature thing, or were
24 you at that point concerned that someone didn't
25 know what you were doing?

1 A. Having time to think about it, I guess they
2 didn't really understand how we would operate,
3 maybe, whoever designed that plan.

4 Q. And that plan was the Butler ESU plan?

5 A. The plan that was -- yes.

6 Q. Yeah, okay.

7 A. So maybe they didn't understand how or what
8 we were supposed to be looking for. Initially,
9 when we went up there, I thought that the only
10 position that could have been a counter sniper
11 position was the window in the hallway that I ended
12 up putting my rifle in, because I had a good
13 coverage of the crowd. I had 400 and some yards
14 out to the parking lot. I had a 300-yard shot to
15 where everyone came in the main gate, the
16 magnetometers.

17 Everyone walked towards me and then they
18 turned at approximately a hundred yards. And then
19 I had the fence line to the L, so I watched a bunch
20 of people on the edge of the fence line, because it
21 was just a chain link fence.

22 So you had a double fence at some of it.
23 At the one corner where the vendor area is, it's
24 just a chain link fence to keep people out, and
25 they were allowing people to go right to the chain

1 link fence, and anything could have been passed
2 through that fence, under it or over it.

3 [REDACTED]: I'm going to show you --
4 this may help. This will be Minority Exhibit
5 Alpha, is that how we're doing it?

6 BY [REDACTED]:

7 Q. I'm going to give you a pen. Can you just
8 mark what your position was?

9 A. My position?

10 [REDACTED]: So I'm asking the witness
11 to mark with an "X" his position that he initially
12 set up at, which is on the western side of that
13 second building in the AGR.

14 A. Can I put my proximately -- can I put a --

15 Q. Absolutely.

16 A. In front of what I could see?

17 Q. Yes.

18 A. (Marking document.)

19 Q. When you were talking earlier about the
20 cellphone tower -- thank you. When you were
21 talking earlier about the cellphone tower, is that
22 -- do you want to circle those on Exhibit A?

23 A. (Marking document.)

24 Q. And what would you think -- would folks --
25 would there be someone on that base or would they

1 be all the way up? Where would you think someone
2 should be?

3 A. Somewhere on top of that hard building here
4 (indicating).

5 Q. Yeah.

6 A. Maybe even both of us, so we could have a
7 different -- one of us could be looking each way.

8 Q. And you were initially thinking to do that,
9 but then at some point the PSP guys came up and you
10 abandoned the plan to text that thought to [REDACTED]?

11 A. Correct.

12 Q. What time did the PSP folks roll up?

13 A. Had to be right before 11:00.

14 Q. When you are deployed as a sniper or
15 counter sniper, are you responsible for the
16 security in the immediate vicinity of where you
17 are?

18 A. Only your own security.

19 Q. So that you weren't in any way responsible
20 for securing the AGR complex.

21 A. No.

22 Q. You weren't responsible for patrolling
23 around it?

24 A. No.

25 Q. What was your impression of who would do

1 that?

2 A. I believe it was already secured because
3 they said it was blocked off, and we were going to
4 be alone over there, so I assumed it was already
5 done prior to us entering that building.

6 Q. Who said it was blocked off?

7 A. [REDACTED].

8 Q. At that point you're thinking, "Okay, there
9 shouldn't be a lot of people here, and I don't have
10 to kind of watch my back."

11 A. Correct.

12 Q. And that's important as a sniper because
13 you are looking far away from you, generally; is
14 that fair?

15 A. Fair, yes.

16 Q. Did you ever see or hear any talk about
17 opaque fencing along that line, along the fence
18 line?

19 A. Could you repeat that question?

20 Q. Sure. Did you ever hear anyone talk about
21 putting up some sort of opaque covering to prevent
22 a view?

23 A. No.

24 Q. Because at some point there were people --
25 citizens started coming in. I know we're moving a

1 little ahead, but people started milling about
2 around there; right?

3 A. Yes.

4 Q. What was your view and how did you react to
5 seeing all those folks around?

6 A. So the first person showed up shortly after
7 we got in, so a little bit after 11:00. It was one
8 individual, and I think that was a key -- it was a
9 key failure on my part.

10 So that was the first person that walked
11 across that field, and he was highly intoxicated.
12 He was all dressed in black. Bald gentleman,
13 carrying a bottle of liquor. He walked directly
14 into the fence like he couldn't even see it. Then
15 he slowly followed the fence up towards the main
16 gate, and I think that would have probably been a
17 good time, looking back now, to test the
18 communications.

19 Q. Do you mind marking with a -- let's say a
20 filled in circle approximately where that
21 individual came in?

22 A. So he came straight down here -- can I put
23 an arrow?

24 Q. Yeah, an arrow's great.

25 A. He came from this way, and he walked into

1 the fence line approximately here (marking
2 document). And then he went up that way.

3 Q. Did that individual have a bicycle, by
4 chance?

5 A. I did not see one.

6 Q. Okay. So you really didn't give any
7 concern to the -- who was responsible for securing
8 around AGR, patrolling it to make sure people
9 didn't walk up to that fence line, because [REDACTED]
10 said they had it blocked off?

11 A. Yes. And other than the state troopers, I
12 did not see any patrol units the rest of the day.

13 Q. Let's talk about the rooftop quickly. You
14 said you were ready to go to the roof; is that
15 right?

16 A. So we were told to be prepared for
17 deployment outside, so, yeah, I was preferred for
18 whatever we needed. This is Western Pennsylvania.
19 It can be cold and rainy -- just like anywhere, you
20 have to be prepared for the elements, you know.

21 Q. Would you have had any issue going up on
22 the roof?

23 A. No, I would not have had an issue. I think
24 with our manpower, we would have just had to rotate
25 in and out. I think that if we would have been on

the roof like the Secret Service for the short period of time they were there, that was sustainable. But to be on there from 11:00 until, you know, 5:00 or 6:00 in the afternoon probably was not sustainable for a sniper because once you're up there, you got eye fatigue, you got everything else that starts building up. It's not just being there. You have to be vigilant. Like, having a body there is nothing.

Q. Right. You wouldn't be able to do your job the optimal way you need to be able to do your job.

A. Yes. So we would have figured something out. We might have only had one guy on the roof at a time, 20 minutes, 30 minutes max, rotating in and out. That's what I would have done.

Q. I want to get back to that last thing you just said. I mean, you would have had no problem doing that.

A. No.

Q. You just said, "That was what I would have done." Is that something where when you got there, you would have been on the roof? If so, why? Why was the roof the optimal point for you guys?

A. It was a high vantage point that, you know, looking at where we were at with the windows, the

1 windows did not open up like a general window, so
2 you had that break in the middle. So you kind of
3 had to work your rifle around that should you have
4 to take a shot. So the windows that we had to use
5 were not optimal, and, clearly, the rooftop would
6 have been a better location for us.

7 Q. How strongly did you feel that way when you
8 arrived? I know that's a difficult question to
9 maybe say, but like was that something you were
10 like, "Oh, man, we got to do this, [REDACTED]," or was it
11 just kind of like, "I should have been up there"?

12 A. Well, I mean, I think even that location as
13 a counter sniper probably would not have been the
14 best. I still -- I'm going to stand by that the
15 cellphone towers would probably have been our best
16 location. I don't think the water tower would have
17 been a good location, personally.

18 Q. Sure. Why is that?

19 A. It's a very difficult steep angle for
20 someone to shoot. Not that we couldn't do it, but
21 if I had to shoot from that location at that angle
22 into a crowd and not hurt anybody else, I don't
23 know. I know I could do it. I know [REDACTED] probably
24 could. I don't know about the other guys.

25 Q. So visibility good. Angle for shot, not

1 ideal.

2 A. Not ideal.

3 Q. A couple quick hitters then. Let's talk
4 drones. Did you ever see a drone that day?

5 A. I did not.

6 Q. What would you have done had you seen a
7 drone?

8 A. I would have called it in.

9 Q. Why?

10 A. Because that's what you're told to do.

11 Q. Sure. Is that a concern you guys had, that
12 anyone can be having visibility on you?

13 A. No.

14 Q. Well, what's the concern with the drone,
15 then?

16 A. Well, I think -- now, I mean, with being
17 able to arm the drones and drop bombs from them,
18 it's a little bit different than even two years
19 ago.

20 Q. Sure.

21 A. Before it was more about security, like we
22 don't want drones flying around us. Now it's --
23 they can hurt you.

24 Q. I want to move on also to communications.
25 We're in the technological part of this

questioning. Why did you guys communicate via cellphone as opposed to OPS 4? What's the reason behind that?

A. Well, there were so many people on the OPS 4, we generally do not like to tie up the radio channel with gibberish or things that may be not all that essential.

Q. OPS 4, did it also include [REDACTED] counter assault?

A. Yes, it did.

Q. Okay. So there was a broad spectrum beyond the snipers on OPS 4.

A. Correct.

Q. Okay. Please go on.

A. So we had that up as a backup, and it's always best to have a secondary communication. You never know. Like, radios can go out. You lose a battery. You've got to have an extra battery. Yeah, things can happen.

Q. How was the cellphone coverage that day?

A. Mine was perfect. I have FirstNet, and I never lost anything.

Q. That was my next question. You do have FirstNet. So when you sent stuff, got stuff, it came in pretty quick?

1 A. A hundred percent. I didn't even know
2 there was a problem with other people's.

3 Q. Why doesn't everyone have FirstNet? Why
4 don't all -- like why didn't [REDACTED] or other
5 folks have FirstNet?

6 A. I just recently changed over to it myself,
7 because it was a -- for lack of a better term --
8 pain in the ass, because you get two different
9 cellphone bills. You get your AT&T bill and you
10 get a FirstNet bill, and that's just an added -- my
11 wife pays all the bills, so that's just an added
12 step. For the savings, it wasn't worth it, but now
13 it's all on one bill together, so --

14 Q. Let me ask you this: Do you pay, like
15 personally pay for FirstNet?

16 A. We do.

17 Q. You don't get reimbursed for that?

18 A. Unfortunately, no.

19 Q. Okay. But I assume you only have FirstNet
20 for your work purposes.

21 A. Yes.

22 Q. So that's something that if local law
23 enforcement, especially in a federal event, were to
24 reimburse for FirstNet, more folks would get it?

25 A. I think that your department should give

1 some money back to you, because it is your personal
2 cellphone. I don't think they should pay a hundred
3 percent of my cellphone bill, but that's outside of
4 the scope so -- that's a contract issue.

5 Q. But, I mean, you had FirstNet for your job.

6 A. Yes.

7 Q. It's not something that you get for fun.

8 A. No.

9 Q. We talked about the text message thread.
10 We talked about -- you have Secret Service over the
11 radio.

12 A. I'll expand on the text messages. That is
13 something that I do with my own guys. So we have
14 an emergency operation. As soon as they get in
15 position, I have them -- this is -- this is 2024.
16 It's not 1985. We don't have to do a sketch. So I
17 have them take a picture of their location, send it
18 me. That way when they're telling me what they can
19 see, I know what they're actually looking at.

20 Q. Okay. I want to show you -- I'm not going
21 to mark this, but it is a page from the Butler ESU
22 OP plan -- or, sorry, postop review plan. Have you
23 seen this document or this picture?

24 A. First time I'm seeing it.

25 Q. Okay. Then we don't need to talk about it.

1 I want to ask you, though, from your perspective,
2 [REDACTED] -- his perspective, and [REDACTED]'s perspective,
3 was anyone able or was anyone operationally
4 supposed to be covering the roof from where Mr.
5 Crooks ended up taking a shot?

6 A. No.

7 Q. Can you just expound on why that is?

8 A. From the positions that we were at -- this
9 was my position, those guys were on these windows
10 here. From those positions, there was not coverage
11 on that roof.

12 Q. Now, I'm asking you here -- I know you
13 weren't in any way involved with the Secret Service
14 planning on this. But in your mind as a counter
15 sniper with experience in that, would it have been
16 important for someone to be able to see on that
17 roof?

18 A. Yes.

19 Q. Would it be important for someone to be
20 watching that roof?

21 A. Yes.

22 Q. Especially if that building weren't secure,
23 is that something that would have needed to be done
24 by someone?

25 A. Yes.

1 Q. I want to leap ahead a bit, because I do
2 have a few minutes, and I've kind of reached where
3 I can now move ahead in the timeline. Anything of
4 note -- I know you leave, let's say, approximately
5 1620; is that right?

6 A. Yes, 1619 is when I had my gear on and was
7 walking out, yes, sir.

8 Q. And that was a scheduled thing you had to
9 depart by that time?

10 A. Yes. So I was up in the air about staying.
11 And whenever we got the notification that Trump was
12 running an hour or more late, I started doing the
13 math in my head, and I wasn't going to be able to
14 make the next event that I had to go to.

15 Q. Understood. Anything of note -- and I know
16 there are things that happened after 1619.
17 Anything of note happen in the period between when
18 PSP cars driving in that no man's land between the
19 fence and when you leave?

20 A. Other than heat-related injuries, no. I
21 just watched a bunch of people drinking alcohol all
22 day, so I spent my time using my binos, glassing
23 their front pockets. Everyone wore cargo pants.
24 Two beers in each pocket and then two beers in the
25 back. And they were carrying their -- they were

drinking six-packs right there.

Q. Is this inside the secure area or near AGR?

A. Near AGR.

Q. How many folks about were around AGR?

A. Throughout the day, probably 300.

Q. What was your thought about that many people being along a fence line that has a transparent view into the secure area?

A. Well, I believe had it not been as hot, it would have -- I don't think the traffic would have been as bad, because there was trees there, so people were getting out of the sun. Everyone kind of congregated under the trees. There was, I think, picnic benches, too, in the back corner.

Q. Did you have any security-related concerns about that many people being there?

A. Not really, because I didn't see anything suspicious, like -- there were some strange things, like a bunch of Amish girls came. I thought that was weird.

[REDACTED]: Okay. I want to show you one more exhibit which we'll do as Bravo. And my apologies for doing this to the reporter and not having this pre-made.

[REDACTED]: It's Exhibit B.

1 [REDACTED]: B, sorry. Minority

2 Exhibit B.

3 BY [REDACTED]:

4 Q. I want to direct your attention to the
5 middle of this page, a red piece of farming
6 equipment. Is that a combine?

7 A. Yes, it is.

8 Q. Do you recall that being there on the day?

9 A. I do.

10 Q. What impact did it have, if not on your
11 sight line, on other sight lines?

12 A. So they had said that that turned up over
13 night and that wasn't supposed to be there, but now
14 it was.

15 Q. Who said that?

16 A. Whoever was giving the brief from Butler.

17 Q. Got it.

18 A. And that was not supposed to be there and
19 the American flag wasn't supposed to be there,
20 either. They said those were not there the days
21 prior and they popped up over night.

22 So from our location, they did -- two of
23 our snipers, it was obscuring their location, their
24 vision on the interior. So as far as a blocking
25 thing, I think it did work for anybody outside, you

1 know.

2 Q. My last question before I turn it over to
3 Majority and just kind of stop it for you, but you
4 mentioned things that would cue you to take a shot.
5 You said a visible weapon or something?

6 A. Yes.

7 Q. How does that work in an area where this is
8 outside the secure perimeter? People are legally
9 allowed to be there with, I assume -- first of all,
10 did you see a weapon in your time?

11 A. This was an unusual one. No, I did not.
12 At most events, I do see tons of -- Pennsylvania is
13 an open-carry state, but I did not see anybody with
14 a weapon.

15 Q. Got it. And I'm very much not asking you
16 to opine on gun policy or anything along those
17 lines. I'm just curious, from an operational
18 perspective, how do you compromise your duties in
19 assessing threats when seeing someone who, you
20 know, if they're legally carrying, obviously, you
21 cannot just shoot them. At what point -- how do
22 you balance those two things?

23 A. I mean, I have years of experience in
24 dealing with people like this. This is -- like I
25 said, Pennsylvania is an open-carry state. People

try to get you to do the wrong thing all the time so they can sue you. So based on my experience of a regular daily law enforcement officer, I would look for things out of nature. Having it, seeing a rifle, having a rifle slung, is that odd at a Trump even or any event? Yes. People do it. When you pick it up and start pointing it, that's a different story.

Q. I assume at that point, clearly, you would have engaged.

A. Yes.

Q. So, basically, you're saying, "I'm able to do that because I have years of experience, and there are things that clue me in to when that becomes an issue."

A. Um-hum.

[REDACTED]: I appreciate it. I don't have anything further.

Thank you for letting me go for a minute overtime.

[REDACTED]: Thank you. Sir, do you want to take a bit of a break before we go?

[REDACTED]: No. Unless you do.

[REDACTED]: We just need one minute.

[REDACTED]: Should we go off the

record?

[REDACTED]: Yes.

(Off the record.)

EXAMINATION

BY [REDACTED]:

Q. Sir, were there any DHS, HSI personnel at the event?

A. I believe there were, yes, but none of them briefing.

Q. Okay. Can you describe how you know that?

A. I just knew that there was Homeland Security people there. I watched from the outside looking in prior to them letting the crowd in, and I was watching them sweep the area, walk around and check garbage cans, stuff like that.

Q. Did any of them introduce themselves to you?

A. No.

Q. You indicated that U.S. Secret Service was on the roof for a short period of time. How long were they there, approximately?

A. I believe they got there around 1:30. I'm not sure what time they took their positions. From my location I did not have a view of where they were stationed, so I can't give you an accurate.

1 Q. So, sir, you had indicated that you had no
2 connectivity or service issues. What about your
3 team?

4 A. No one mentioned anything to me about it,
5 yeah.

6 Q. So fair to say that nobody on your team
7 expressed any issues receiving or sending text
8 messages?

9 A. It was only [REDACTED] that I would have talked
10 to, [REDACTED], and he did not say anything about that.

11 Q. What communication resources or devices did
12 you and others from Beaver ESU have available to
13 you July 13?

14 A. We had the radios that were issued to us by
15 Butler. I don't believe the operators had that. I
16 believe they had one. But the two snipers, we each
17 got our own radio. And then we had -- we could
18 have used our ESU radios, the Beaver County ESU, as
19 a backup.

20 Q. Were each of those standard communication
21 resources?

22 A. Yes.

23 Q. Were you able to communicate with any other
24 law enforcement personnel the day of the rally?

25 A. Just by the radio. No, that's all.

Q. Sir, did you receive any pictures of the eventual shooter, Mr. Crooks, via text --

A. I did.

Q. -- on July 13?

A. I did after I was gone.

Q. Who did you receive the text from?

A. It was in a group Snap -- not Snapchat -- group message and came across -- I believe [REDACTED] sent it.

Q. Do you recall approximately what time you received that photo?

A. I was just getting in the shower. I don't recall the exact time. I did not have my contacts or glasses on, and we were in a rush to get to where we were going, so I didn't look at it until a little bit later.

[REDACTED]: When you say group chat, was that just Beaver ESU group chat?

[REDACTED]: It was the sniper chat that was set up by [REDACTED], so it had Washington County guys, Butler County guys, and Beaver County ESU guys.

BY [REDACTED]:

Q. What did you do next, sir, after you received the photo of the shooter?

1 A. I didn't do anything because those guys --
2 it had already happened and that point, and I knew
3 that they were going to be super busy. My wife
4 urged me to go back before -- before the shooting
5 she urged me to go back I guess when the text
6 message came across about the range finder. And
7 then she's like, "Oh, go back." And I'm like,
8 "There is no going back. Like there is miles of
9 traffic trying to get in there."

10 Q. Did you send either via text or e-mail the
11 photo you received to anyone else?

12 A. I believe Grassley's office, but I don't
13 think I sent it to anybody else.

14 Q. And when did you send those photos to
15 Senator Grassley's office?

16 A. Either the next week or week after. I
17 don't -- I could look, if you want me to.

18 Q. No, that's okay. Thank you, sir. So we
19 had briefly discussed it was, you know, not within
20 the scope of your responsibilities to seek -- to
21 detain any suspicious individuals. When you
22 received the photo, did you -- you said you did
23 nothing. To your knowledge, were there any
24 attempts by anyone to detain the suspicious
25 individual?

1 A. I believe they discussed about displacing
2 and going down and -- they being [REDACTED] and [REDACTED].
3 I found this out later. That's one of the things
4 at three in the morning that bothers me, because
5 had I been there, I would have felt much more
6 comfortable sending two guys down and me still
7 being able to cover the area, but I don't think
8 they were going to send one guy down there by
9 themselves. They couldn't leave the rifles and
10 have nobody there.

11 Q. So, to your knowledge, did [REDACTED] make
12 any attempts to, you know, have someone detained?

13 A. No.

14 Q. Okay. And you had indicated -- so this was
15 sort of a concern of yours in terms of sending an
16 additional guy there. Did you receive any
17 additional communications regarding efforts to
18 detain Mr. Crooks?

19 A. I mean, all I know is from the briefing in
20 the morning, they said that PSP was going to send
21 -- they were going to handle anything outside of a
22 secure area, so I assumed it was going to be state
23 troopers. But I was not there during this
24 timeframe, so --

25 Q. And during your assignment window, did you

1 receive any other descriptions of suspicious
2 individuals or any communications regarding
3 suspicious individuals?

4 A. Not suspicious, just medical calls. The
5 operators where they were positioned, people were
6 coming up to them looking for aid, help. They were
7 directing medical response over the radio.

8 Q. So to be clear, sir, just for timeline
9 purposes, you had already departed the campaign
10 rally location by the time you received the photo
11 of Mr. Crooks?

12 A. Yes.

13 Q. Okay. And can you specify again what time
14 you had departed?

15 A. I packed up my stuff, and I was walking out
16 around 4:19, and I believe I was on my way home a
17 little bit after 4:26.

18 Q. So was it only then [REDACTED] that was at
19 your post that was left?

20 A. [REDACTED] and [REDACTED].

21 Q. And [REDACTED]. Did you ever see anyone on the
22 roof of the AGR Building during your assignment?

23 A. No, ma'am.

24 Q. So, normally, sir, in your daily work, if
25 you needed to share any information with someone

from another agency, how would you do that?

A. In regards to like a -- in regards to what? That's a lot of information.

Q. During an assignment.

A. During an assignment? Using direct communications, which I prefer, by phone or radio, or sometimes text message.

[REDACTED]: Okay.

EXAMINATION

BY [REDACTED]:

Q. You had mentioned before we started, I believe, that you had spoken with the Secret Service recently; is that correct?

A. They did our debriefing last Friday.

Q. Okay. What kind of information was covered in that?

A. Basically, everything we're talking about right now. They were interested more in failures of their department that we observed. I didn't have much to say because I didn't see them.

Q. You also mentioned that post incident you've had a conversation with Butler ESU member [REDACTED]?

A. Yes.

Q. What did that conversation consist of?

1 A. We had a few, but I believe the one you're
2 getting on was about why we weren't put on the
3 roof. He said that he had told the Secret Service
4 that was an area of concern, and they had told him
5 that they had it. Then he said that it was going
6 to be difficult for us to get up there because it
7 would have required two ladders.

8 I did not think that that was a reason
9 not to put us there. I would have called a fire
10 truck, a ladder truck. We'd have got up there.
11 It's not a big deal.

12 Q. I apologize if I missed this, but have you
13 spoken with any other members of other law
14 enforcement?

15 A. Yeah. So I talked to Butler Sniper [REDACTED],
16 and [REDACTED], I believe, from Washington
17 County. I don't know how to say his last name.

18 Q. Related to failures?

19 A. Related to failures? Not really. [REDACTED] just
20 was more or less questioning who was all on our
21 text message thread. I was just doing a check-in
22 with [REDACTED] to see how he was doing. He had me
23 send him a text message, because I believe he got
24 deleted on his phone. That's all I can think of
25 right now.

EXAMINATION

BY [REDACTED]:

Q. Sir, did you have any additional sidebar conversations with [REDACTED] after you left your post?

A. That day, no.

Q. Did you at any juncture after July 13 have any conversations with [REDACTED]?

A. I believe we might have talked about it a few days later. Either there at a training -- but it wasn't, like -- it was more of a bypass. Like, it was a happenstance. It wasn't digging for any communication.

Q. Did [REDACTED] express any regret as to operational failures that day?

A. No. The only thing he said was -- and it was related to the picture of the window. This was something I didn't mention earlier. You know, when we got there, the maintenance guy had told us that he had opened all the windows that were available to be open. The ones that were not open would have to be broken and replaced should we try to open them. So [REDACTED] mentioned that where [REDACTED] had provided overwatch coverage after Crooks was shot, they had to kick that window open so they could get

[REDACTED]

1 an angle on that rooftop.

2 Q. Sir, what was your general reaction in the
3 immediate aftermath of hearing that Former
4 President Trump was shot?

5 A. So I went into protective mode because [REDACTED]
6 [REDACTED]. [REDACTED]
7 [REDACTED]. [REDACTED]
8 [REDACTED]. [REDACTED]
9 [REDACTED]. [REDACTED]
10 [REDACTED].

11 So it wasn't good. Yeah, so [REDACTED]
12 [REDACTED]. [REDACTED]
13 [REDACTED]. [REDACTED]
14 [REDACTED], [REDACTED]
15 [REDACTED] [REDACTED].

16 Q. No, that's totally fine. That is more than
17 -- we appreciate it, sir. Thank you.

18 A. Well, I have to expand. [REDACTED]
19 [REDACTED], so, yeah.

20 [REDACTED]: Well, we appreciate all
21 the information you've shared. It's been extremely
22 helpful.

23 [REDACTED]: I wear my emotions on my
24 sleeve, so this isn't unusual.
25

EXAMINATION

BY [REDACTED]:

Q. One other question. From your vantage point in the AGR Building, were you able to see the Secret Service snipers?

A. I was not, no.

[REDACTED]: And, sir, we just would like to note for the record we appreciate your service and the time that you spend protecting citizens of this country and your time in the military as well. So thank you for your vulnerability and being with us here today.

Do you have anything else?

[REDACTED]: No.

[REDACTED]: Majority will go off the record.

(Off the record.)

[REDACTED]: We're back on the record at 1427.

EXAMINATION

BY [REDACTED]:

Q. I want to follow up on a couple things, and then I'll get to some summary questions. My colleague certainly asked many of the same ones that we have. Who is responsible for in your role

1 for buying your gear?

2 A. So as far as buying our body armor and some
3 of the protective gear, that comes from the
4 Homeland Security. But as far as buying our rifles
5 and things like that, that all comes from us.

6 Q. So you personally, [REDACTED], buy your
7 rifle that you bring to your ESU assignments?

8 A. I do.

9 Q. You buy your gear, your optics?

10 A. I buy my optics, buy my rifle, buy my
11 pistol, buy all of the stuff that goes on your gear
12 to hold it all. Slings, holsters, boots.
13 Everything.

14 Q. Thousands of dollars?

15 A. Yes.

16 Q. Many thousands of dollars?

17 A. Yes.

18 Q. And your FirstNet, you pay for that.

19 A. Yes, I do.

20 Q. Are you reimbursed for any of that?

21 A. I am not.

22 Q. Does that limit the number of folks who are
23 willing to take on this duty?

24 A. It does.

25 Q. And does the lack of sniper capability

1 affect the ability of your unit, other ESUs to do
2 their job?

3 A. It does.

4 Q. Does it put a burden on you?

5 A. It does, because you're always on call.

6 Q. I want to ask you about a question, again,
7 that my colleagues asked about. [REDACTED] saying,
8 "Secret Service says they have it," what did that
9 mean to you?

10 A. This was after the incident, so I believe
11 that they were in the position to cover that. They
12 have it. They know it's a problem. They're going
13 to cover it.

14 Q. And the rooftop specifically.

15 A. Yes.

16 Q. Would that include the entirety of the
17 rooftop?

18 A. Yes.

19 Q. So [REDACTED] is essentially saying, "Hey, I
20 knew this was an issue." The implication is he
21 brought it up to Secret Service, and they said they
22 got it?

23 A. Yes.

24 Q. Did he say who at Secret Service?

25 A. He did not.

1 Q. But your impression was that he was saying,
2 "I had a conversation, and that was what was told
3 to me."

4 A. Yes.

5 Q. Let's rewind in time to 1619 on July 13th.
6 You leave. What happens when you leave? Do you
7 notice anyone? Observe anything?

8 A. Yes. Immediately when I opened the doors,
9 and this was a secure area, we were only supposed
10 to be there -- we were given places to park so that
11 the public wouldn't see us behind that Conex or
12 shed area, approximately right here (indicating).

13 Q. All right. Can I just have you mark that
14 with a circle?

15 A. (Marking document.)

16 Q. And this is Minority Exhibit Alpha or A
17 with a circle directly south of a red building in
18 the parking lot to the east of the AGR Complex.
19 Please go on.

20 A. So when I open the door, I had seen a
21 vehicle parked next to ours. So it was my personal
22 vehicle, an unmarked vehicle, and then a Jackson
23 Township police car that was [REDACTED]'s. There was a
24 vehicle that was parked there, but no one else was
25 supposed to be in there. So I was more -- I was

1 more focused on the vehicle being there than
2 anything else.

3 I walked out. I opened my car. Started
4 airing in out. Put my gear in. Started it. Shut
5 the -- turned on the air-conditioning. Got inside.
6 I looked around, and then I noticed a male sitting
7 at the picnic table with his back to us.

8 Q. All right. Can you, again, circle the area
9 on Exhibit A where he was?

10 A. Approximately in here (marking document.)

11 [REDACTED]: If you guys want to see
12 this, I'll describe it. It's directly south of the
13 central point of the parking lot to the east of the
14 AGR Complex.

15 BY [REDACTED]:

16 Q. Were you able to see the face of that male?

17 A. I was not.

18 Q. From what you were able to see, are you
19 later able to assess who that individual was from
20 what you know now?

21 A. Yeah. I believe that it was Crooks. The
22 only difference is -- and now with that video of
23 him walking through -- the male that I seen had
24 pants on.

25 Q. Okay. So perhaps it's your assessment that

1 it was not Crooks?

2 A. I still believe it was him, but he had
3 pants on.

4 Q. Got it. What did you do when you saw that
5 male?

6 A. So I didn't really -- like I said, I wasn't
7 focused on the male. I was focused on the vehicle.
8 So I sent a text message, "Hey, guys" -- I believe
9 you have text messages. "Someone followed our
10 lead. They parked" -- "they parked in here with us
11 and they know that we're in that building."

12 All my gear was contained inside covert
13 bags. It wasn't like I walked out with a rifle and
14 a pistol. I didn't want to get shot by the Secret
15 Service snipers, so I had everything contained.
16 But I was in multi-cam, and I looked like a cop.
17 So I sent that text message out, and I did not get
18 a reply.

19 Subsequently, I went back in the
20 building and made direct conversation with [REDACTED],
21 and relayed that "That guy is out there. You
22 should probably get the guy checked."

23 Q. So you sent the text message saying
24 essentially, "Hey, this guy knows where we are"?

25 A. Yes.

1 Q. You sent that to the sniper thread?

2 A. Yes.

3 Q. And then you went back into the --

4 A. No, I sent it directly to [REDACTED] and [REDACTED].

5 They were in the AGR Building. They were the only
6 ones that really needed to know about it. At that
7 point, it was just suspicious because the vehicle
8 was there. The guy wasn't doing anything. We
9 didn't make eye contact. He didn't eyeball me, but
10 clearly he heard the double doors (indicating) open
11 up.

12 Q. What time did you send the text message,
13 give or take?

14 A. 4:26.

15 Q. Okay. What time did you go back in and
16 talk to [REDACTED]?

17 A. It had to be right around then, like a
18 minute later, 4:27, 4:28.

19 Q. And that -- I mean, to do that, did you go
20 back in through AGR, back up the stairs to where
21 you'd been?

22 A. Yes.

23 Q. Did you tell [REDACTED], "Hey, check it out.
24 This guy's there. Check him out"?

25 A. Yes.

1 Q. And you told him to, like, have that person
2 investigated?

3 A. Yeah, he might want to get it checked out,
4 just because that guy was -- literally, if the guy
5 was just sitting there by himself, but it was the
6 vehicle.

7 Q. And then you left, and that was the
8 remainder, and then we talked about what happened
9 after.

10 A. Yeah. Yes.

11 Q. Wrapping up here, but a couple quick
12 things. Did you -- let me actually -- give me a
13 moment.

14 [REDACTED]: Do you have any questions
15 before we get to wrapping up stuff?

16 [REDACTED]: Yes. Just a few
17 follow-up questions.

18 EXAMINATION

19 BY [REDACTED]:

20 Q. First, I don't think that we have talked
21 about it yet today, but what is your background as
22 a sniper? Can you kind of walk through how you got
23 into that?

24 A. Yeah. So I first went to the FBI sniper
25 course somewhere approximately 16 years ago. I've

1 been to two or three national tactical officer
2 sniper courses, urban sniper courses and -- it's
3 now shut down, but it was the National Law
4 Enforcement training facility that was in Wheeling,
5 West Virginia. I went to the sniper school there.

6 Then I've hosted and I've been a point
7 of contact for several different sniper courses
8 working with the NTOA, making sure we have ranges,
9 everything that they need to teach the new guys.

10 Q. And you were active-duty Marines?

11 A. Yes, I was.

12 Q. What did you do in the Marines?

13 A. Infantry.

14 Q. Thank you for your service.

15 A. You're welcome.

16 Q. You said that you have been part of five
17 presidential events, including this one. Have any
18 of them been at Butler Farm?

19 A. No.

20 Q. Have part of those events been outside?

21 A. Yes.

22 Q. For those events, do you know how many
23 Command Posts they had?

24 A. I do not. I'm sorry.

25 Q. That's okay. Moving to chain of command.

So you mentioned that [REDACTED] -- and if this makes sense, was [REDACTED] kind of the OPCON chain of command, [REDACTED] the TACON, or how would you describe those two men and who was reporting to whom?

A. So [REDACTED] would have been who I would have -- if I had any major questions, I would have asked him. He could have run around -- he knows those guys. He could have run around the chain of command. And I work with him, so I'm comfortable, like.

[REDACTED] I do not know that well. He was at our school that I hosted, but other than that, I was -- I didn't have his phone number in my phone. He's not somebody that I talked to, so -- not that I don't trust him, but like if I had any pertinent questions, I was going to ask [REDACTED]. Then any immediate questions like "We need to know something now," probably [REDACTED]. That way all the snipers would know.

Q. Okay; thank you. And on those other presidential events that you've been a part of, you mentioned that there were snipers at those events. You don't recall there ever being counter snipers at any of those events?

1 A. As far as Secret Service? I don't know.

2 Q. As far as local, state, Secret Service.
3 Anyone.

4 A. No, I don't recall them ever being called
5 counter snipers before.

6 Q. Okay. And then --

7 A. Can I put something for the record?

8 Q. Yes.

9 A. I have not had any training in counter
10 sniping. Just on the job, figuring it out, what
11 we need to do, so -- we are going to remedy that,
12 though. Our entire team is going to get some type
13 of training whether we have to travel or not.

14 Q. You mentioned that when you were first
15 taken out to the AGR Building, you were shown three
16 different cubicles and said, "Figure out the best
17 plan of action"?

18 A. Yes.

19 Q. Where were those cubicles, the three
20 different ones, compared to where you guys actually
21 set up?

22 A. So I was the only one that was outside of
23 the cubicle area, because I wanted to have -- the
24 windows that were in that cubicle where I would
25 have been positioned were not usable. One was

1 totally locked.

2 [REDACTED] and I came up with a plan, should
3 we have to shoot through one of the windows that
4 were locked, we were going to use our sidearm to
5 break the glass, and then our sniper rifles to make
6 a distance shot.

7 If it was something close, we could have
8 probably shot with the sniper rifles, but the
9 closer an object is to the bullet when it comes out
10 of the barrel, the more it diverts the trajectory
11 of it, so -- if that makes sense to you.

12 Q. It does.

13 A. Okay.

14 Q. Thank you. Final question for me, you
15 mentioned that there should be things that cue you
16 in to taking a shot, and that Pennsylvania's an
17 open-carry state and that there's a lot of factors
18 that go into that decision. Where does a range
19 finder fall into that analysis for you?

20 A. I mean, I believe it would be highly
21 suspicious, but it's not something that you're
22 going to take action and shoot.

23 Q. Absolutely, but when it's highly
24 suspicious, what are next steps with that?

25 A. Next steps is get patrol out there and

scoop that guy up and talk to him. Why does he have it. See what else he has. Whatever you can do legally. Pat him down, you know.

Q. Absolutely. And then by get patrol there, do you mean state, PSP, sheriffs?

A. It was my understanding it was going to be PSP. In Pennsylvania, sheriffs cannot question or detain. We're not like the south. So it probably would not have been a sheriff. If a sheriff would have got there, they can hold them. And then if he needed to get some additional information, we could have gotten a regular police officer there to do the investigation.

: Thank you.

: You're welcome.

EXAMINATION

BY :

Q. A couple more quick ones. You mentioned you did a Secret Service interview last week.

A. Yes.

Q. Have you participated in any other official interviews? PSP, Secret Service --

A. Multiple. Multiple. I started out with PSP and the FBI. That was approximately three days after. They came to my station when I was on duty.

1 There was two FBI agents and two troopers, and I
2 had a couple follow-up questions from the FBI, and
3 one or two from -- and I got e-mail from PSP. We
4 did Senator Grassley's -- I did his. I think we
5 did his twice, his independent review. Ron Paul's,
6 Secret Service. I have them listed if you --

7 Q. You know, I guess here's my big takeaway on
8 that. So you've had a lot of these interviews.
9 Anything relevant from those that was covered that
10 we haven't covered or was emphasized in a different
11 way that you think would be important for us?

12 A. Right now, it's not at the top of my head,
13 but I'll revisit that as I think, if that's okay.

14 Q. Okay. No, absolutely. I'm sure there's
15 contact information available. What about
16 otherwise generally, anything that you have
17 thoughts on vis- -vis the event, vis- -vis the
18 political coverage, the media coverage that you
19 think would be important for us to know or to have
20 clarified in this record?

21 A. I haven't watched any of the media coverage
22 or social media, so that I can't talk to. I'm just
23 trying to stay in a positive head space.

24 Q. Yeah. Sure.

25 A. Whatever I have found out is because [REDACTED]

1 [REDACTED] is paying attention to it all. [REDACTED] said I --
2 we need lawyers, but I'm just -- I'm telling the
3 truth, so I don't think I need lawyers.

4 Q. Okay. And then other things, looking back
5 on it, you know, any recommendations in terms of
6 things that would have -- and understanding that
7 you were not there at the time of the shooting, but
8 things from your background, your experience as a
9 sniper that you think going into that day, either
10 at the 0800 meeting, at 10:30 when you guys are at
11 the AGR that you think, looking back on it, would
12 have been really important to have that could have
13 affected the trajectory of at least [REDACTED] and
14 [REDACTED]?

15 A. Well, I think that the secure perimeter was
16 much too small. The only one that I've ever seen
17 smaller was Biden when he came the night before the
18 election before he was president, but his was
19 contained in shipping containers, and he had buses
20 surrounding him. So even though it was a smaller
21 secure perimeter, it would have been difficult to
22 get to him.

23 But I think all those buildings and as
24 open as that was, they needed a much larger
25 perimeter. I think that they definitely lacked

patrol resources. Because I did not -- like I said, looking inside from outside, I did not see patrol at all, even walking amongst the crowd. Patrol is 101 security, you know. At the front gate, walking amongst people, if you don't have patrol, you have chaos.

Q. When you say lack of patrol, are you talking about within the perimeter or outside by AGR?

A. Both.

[REDACTED]: All right. Well, we also very much appreciate your being here and the grace and difficulty that you have handled it. So thank you so much.

[REDACTED]: The only other thing I would like to add is immediately following the shooting, shortly after -- you know, I mentioned a comment to [REDACTED], I said, "Two things, if the Secret Service or someone doesn't talk to me tonight, this is going to be a travesty of law enforcement." And I was like, "And, secondly, they're going to blame this on communication."

The Secret Service asked me why I said that, and I'm like, "Ever since 9/11, any time something bad happens" -- and this is going to be a

1 lack for a better term -- the easiest cover-all or
2 coverup is going to be communication, although it
3 is exactly what needed to happen. I was in D.C. a
4 few weeks ago. I did an interview that was by
5 phone, and it happened to have -- they were having
6 a conference, Emergency Law Enforcement Technology.
7 I happened to sit down with a bunch of guys from
8 MIT. And I told them, "You guys need to figure
9 these radios out. There is no reason that we
10 should not have communication in 2024."

11 BY [REDACTED]:

12 Q. Can I ask a question? When you say blame
13 it on communications, like the technological
14 capabilities, the usage of it, both?

15 A. The technology, there's no reason that we
16 should not be able to talk everybody else. But
17 outside of this Trump event -- you know, I was at a
18 shooting the other night on my normal job. I
19 crossed the county line, and I had zero
20 communication with anybody. I happened to be the
21 senior police officer there.

22 It was my first day working there, and
23 all these guys were 25 and younger, and I had to
24 direct them how to do it. I had no idea who they
25 were. I had no radio communication. That's

1 dangerous for everybody, not just for police, but,
2 like, the people that were trying to help. If you
3 can't call anybody, if you can't talk to somebody,
4 then you're kind of screwed.

5 Q. So you think -- and maybe I misunderstood
6 this in that conversation with [REDACTED]. You're
7 saying you blame it on technology. You think
8 that's a fair assessment that technology's player.

9 A. I believe it's a fair assessment. We've
10 had 23 years since 9/11. Look at us now, we're
11 still treading water. I will say communications in
12 my county has gotten worse. We were in the middle
13 -- we were already supposed to convert over to this
14 digital communication.

15 I was injured last year, so I was off
16 for approximately a year. I came back and got
17 issued a new radio. The very first night we had to
18 chase somebody, they couldn't hear us on our
19 portables. I had to keep running back to my patrol
20 car so they could hear us. It's getting worse. I
21 don't understand it. Thanks. That's my ranting.

22 Q. No, that's what we're here for. Anything
23 else you want to add?

24 A. No.

25 [REDACTED]: Just as a last housekeeping

1 item, if Minority could introduce the text messages
2 that were referred to as Exhibit C.

3 [REDACTED]: Okay. If you want, sure.
4 Yeah. I'll hand them to the court reporter.
5 There's something on the back side of that, so --

6 [REDACTED]: We don't have to use that
7 copy.

8 [REDACTED]: I don't know. Do you have
9 one that's clean? We can just do both sides.

10 [REDACTED]: Sorry, that's the only
11 one I have.

12 [REDACTED]: We can print one and get an
13 exhibit for you.

14 THE REPORTER: Okay.
