17 BY [REDACTED]:

18 Q. [REDACTED], before we begin, I would like  
19 to go over the ground rules for this interview.

20 The way this interview will proceed is as follows:  
21 The Majority and Minority Staff will alternate  
22 asking you questions, 30 minutes per side per round  
23 until each side is finished with their questioning.  
24 The Majority Staff will begin and proceed for 30  
25 minutes, and then the Minority Staff will have 30

minutes to ask questions. We will then alternate back and forth in this manner until both sides have no more questions.

If either side is in the middle of a specific line of questions, they may choose to end a few minutes past an hour to ensure completion of that specific line of questioning, including any pertinent followups. In this interview, while one member of the Staff for each side may lead the questioning, additional Staff may ask questions.

There is a court reporter taking down everything I say and everything you say to make a written record of the interview. For the record, please be clear, please wait until the Staffer questioning you finishes each question before you begin your answer, and the Staffer will wait until you finish your response before proceeding to the next question.

Further, to ensure the court reporter can properly record this interview, please speak clearly, concisely, and slowly. Also, the court reporter cannot record nonverbal answers such as nodding or shaking your head, so it is important that you answer each question with an audible verbal answer; do you understand?

1           A.     Yes.

2           Q.     We want you to answer our questions in the  
3 most complete and truthful manner possible, so we  
4 will take our time. If you have any questions or  
5 do not fully understand the question, please let us  
6 know. We will attempt to clarify, add context to,  
7 or rephrase our questions; do you understand?

8           A.     Yes.

9           Q.     If we ask about specific conversations or  
10 events in the past and you are unable to recall the  
11 exact words or details, you should testify to the  
12 substance of those conversations or events to the  
13 best of your recollection. If you recall only a  
14 part of a conversation or event, you should give us  
15 your best recollection of those events or parts of  
16 conversations that you do recall; do you  
17 understand?

18          A.     Yes.

19          Q.     Although you are here voluntarily and we  
20 will not swear you in, you are required pursuant to  
21 18 -- Chapter 18 of U.S. Code Section 1001 to  
22 answer questions from Congress truthfully. This  
23 also applies to questions posed by Congressional  
24 Staff in an interview; do you understand?

25          A.     Yes.

1 Q. If at any time you knowingly make false  
2 statements, you could be subject to criminal  
3 prosecution; do you understand?

4 A. Yes.

5 Q. Is there any reason you are unable to  
6 provide truthful testimony in today's interview?

7 A. No.

8 Q. Please note that if you wish to assert a  
9 privilege over any statement today, that assertion  
10 must apply with the rules of the U.S. House of  
11 Representatives. For the Chair to consider  
12 assertions of privilege over testimony or  
13 statements, witnesses or entities must clearly  
14 state the specific privilege being asserted and the  
15 reason for the assertion on or before the scheduled  
16 date of testimony or appearance; do you understand?

17 A. Yes.

18 Q. Finally, I'd like to note that the content  
19 of what we discuss today is confidential. We ask  
20 that you not speak about what we discuss here today  
21 in this interview to any outside individual in  
22 order to preserve the integrity of this  
23 investigation.

24 For these same reasons, the marked  
25 exhibits used today will be provided to the court

reporter so that they may go in the official transcript, and any copies of those exhibits will be returned to us when we wrap up.

We plan to take a five-minute break at the end of each 30 minutes of questioning. But if you need a longer break or a break before that, please let us know. We are happy to accommodate. To the extent that there's a pending question, however, we would ask that you finish answering that question before we take a break; do you understand?

A. Yes.

Q. Do you have any questions before we begin?

A. No, ma'am.

[REDACTED]: It is now 9:13.  
Majority Staff will now begin its questioning.

#### EXAMINATION

BY [REDACTED]:

Q. Sir, how long have you worked for Adams Township Police Department?

A. Since 2011, so almost 14 years.

Q. What is your job title and responsibilities there?

A. I'm a police officer, sergeant rank.

Q. How long have you worked for Butler

Emergency Services Unit?

A. About eight years.

Q. And what's your title and rank there?

A. I'm the Alpha team leader.

Q. How would you describe the difference between the Adams Township Police Department and Butler ESU?

A. Butler ESU is a tactical unit. We only respond to high risk or, you know, more emergent situations, I guess.

Q. In what capacity were you at the rally on July 13, 2024?

A. So I was the CAT team leader, so I was in charge -- I oversaw the two CAT teams, counter assault teams for the rally.

Q. Was that in your capacity as a member of the Butler ESU?

A. Yes.

Q. When did you first learn about the July 13th event?

A. I think the initial -- July 5th I got a message from Bravo Team Leader [REDACTED] that Butler Township -- he works for Butler Township Police. They contacted Butler Township that he was coming. So July 5th was the first time -- we

weren't yet at that point -- as ESU, we were not contacted, but we were told that that's whenever he was coming, or we were told that he was coming on July 13th. That was the first I heard that he was coming.

Q. Was [REDACTED] the one to communicate that to you?

A. Correct.

Q. Was there any detail at that point about what you would be doing?

A. No, ma'am.

Q. Were there any meetings or walkthroughs to prepare for the rally that you participated in in advance of the event?

A. The only walkthrough we did was at the farm show grounds. I believe that was on the 10th or 11th. I think the 10th.

Q. 10th.

A. 10th or 11th. I can't remember what day it was. But, yeah, we did a walkthrough with -- well, Secret Service had contacted our commander, then, you know, myself and a few others from the team were on-site, and then met up with the head element of Secret Service.

There was like a -- it was a big group

of us, but that was about it. I mean, it was -- we did our own walkthrough. We didn't -- we weren't taken around by Secret Service. Nothing like that. It was -- we all met. We all got kind of introduced to the few Secret Service people that were there, and that was it. Like they kind of went there own way, and then we kind of did our own walkthrough by ourselves without Secret Service present.

Q. Do you recall the names of the agents you spoke with at the Secret Service?

A. There was three that -- I can't remember -- I can never remember the third one. I know there was a [REDACTED], [REDACTED], and then there was a third female, blonde hair, but I can't recall her last name.

Q. When you say "we" of those who broke off and did your own walkthrough, who is that "we"?

A. Command staff of Butler ESU.

Q. Could you recall the particular individuals?

A. So Commander [REDACTED], Commander [REDACTED], or Deputy Commander [REDACTED], Deputy Commander [REDACTED], Bravo Team Leader [REDACTED], Sniper Element [REDACTED]. I believe that was it.

1 Q. Prior to breaking off, what did they tell  
2 you to be looking for at your walkthrough?

3 A. The only thing I was told -- I wasn't told  
4 by them. I was told like later on that we were  
5 basically to be out of sight, so we had to somehow  
6 get our armored vehicles for the assault teams like  
7 in the buildings or something of that nature.  
8 That's all I was told.

9 Q. Was it clear at that point that you were to  
10 perform counter assault responsibilities?

11 A. Yes. At that point, yeah, I knew my job  
12 description, but I just didn't know where to put  
13 the vehicles yet.

14 [REDACTED]: I'm going to introduce  
15 Majority Exhibit 1 for the record. This is a map  
16 of the Butler Farm Show grounds.

17 BY [REDACTED]:

18 Q. Sir, if you can with the pen that you have  
19 with you, could you draw the walkthrough that you  
20 took with your colleagues on that day? And if you  
21 can, denoting the start point and the end point.

22 A. (Marking document.) Do you have a marker  
23 or anything?

24 Q. Do you need a better pen?

25 A. You could see it, but it's just very thin.

1 [REDACTED]: You can see it. It's very  
2 fine.

3 Q. You can see it? Okay. That's fine. Thank  
4 you. During that walkthrough, were you able to  
5 establish or were you and the group able to  
6 establish what assets you needed in order to  
7 accomplish your job for that day?

8 A. Yes. The assets were already -- like, we  
9 already knew what was coming. So, like I said, my  
10 job for counter assault was two armor vehicles and  
11 then two counter assault teams. So I knew Beaver  
12 County ESU was coming for one, and then I had ours  
13 for the second one.

14 Q. How many people were in the counter assault  
15 team based on your understanding at that time?

16 A. Twelve.

17 Q. Twelve. Per team?

18 A. Six per team.

19 Q. Six per team. And was one vehicle assigned  
20 to each team?

21 A. Correct; yeah. The Butler -- so CAT Team  
22 1, which was over with me at Building 16 behind the  
23 stage, since we were at the main element, I was  
24 stationed there with that vehicle. We had six  
25 personnel in that vehicle, not counting myself.

1 And then the Beaver team was -- I can't remember  
2 now. Five, six -- six personnel, and they were  
3 over by Building 3, their vehicle.

4 Q. Sir, would you mind noting on the map which  
5 building is Building 16 and which building is  
6 Building 3?

7 A. (Marking document.)

8 Q. Thank you. Did you participate in any  
9 other meetings or walkthroughs in preparation for  
10 the rally before Saturday?

11 A. No, ma'am.

12 Q. At the conclusion of that walkthrough, is  
13 it fair to say you established that you would be  
14 behind Building -- you and your team would be  
15 behind Building 16, a counter assault team, and  
16 then the other counter assault team would be behind  
17 Building 3?

18 A. Yeah. We were in Building 3 and Building  
19 16, so, yes.

20 Q. I'd like to go to the morning of July 13 at  
21 this point. Did Butler County ESU host a briefing?

22 A. Yes, ma'am.

23 Q. Were you a part of that briefing?

24 A. Yes, ma'am.

25 Q. Do you recall who else attended?

1           A.     Well, yes.  It was all the local Butler  
2     ESU, the Beaver ESU guys, the Washington County  
3     SWAT members that were there.  I know there was  
4     some -- Butler Township, the sheriff, Butler  
5     Sheriff.  Like all the local elements were in the  
6     briefing.

7           [REDACTED]:  I'll now introduce into  
8     the record Majority Exhibit 2.  This is the Butler  
9     ESU Donald J. Trump Detail.

10    BY [REDACTED]:

11           Q.     Does this look familiar to you?

12           A.     Um-hum.  It's our Op plan.

13           Q.     Is this an Op plan that you received during  
14     the July 13th briefing?

15           A.     I'm assuming it is.

16           Q.     Please feel free to take your time to look  
17     through it.

18           A.     (Witness reviews document.)  Yeah, it looks  
19     to be that same brief.

20           Q.     Did you only ever receive one Op plan that  
21     day?

22           A.     Yeah.  I received one via e-mail whenever  
23     the mission was -- when the plan was finished --  
24     not finalized but finished, just for us to review  
25     as team leaders.  Then you have the final one that

1 was given out the day of the briefing.

2 Q. Approximately what time did you review that  
3 finished but not final version of the plan?

4 A. I believe it was the night prior. The  
5 12th, maybe.

6 Q. Do you recall whether your role was  
7 different between that finished but not final  
8 e-mail and --

9 A. No, ma'am.

10 Q. -- and the --

11 A. Same role.

12 Q. Same role. At any point had you been  
13 assigned to work -- to be listed as driving the  
14 UTV?

15 A. As for the [REDACTED]

16 Q. Is the UTV associated with the [REDACTED]

17 A. Correct.

18 Q. Then yeah.

19 A. No.

20 Q. To your understanding, at every point in  
21 preparation for the rally, you were assigned to the  
22 counter assault team; is that correct?

23 A. Correct. Now, I did drive the UTV a couple  
24 points during the morning of just to get logistical  
25 stuff in place, but it wasn't during the rally

1       itself. Like once I was -- once everything  
2       started, I was by the -- my counter assault team  
3       the rest of the time.

4       Q.     How would you describe your role in using  
5       the UTV if it's not what you would describe as your  
6       main job that day?

7       A.     What do you mean? I'm not tracking here.  
8       I took the ATV or the UTV, whatever, the four  
9       seater, to over to the CAT team. Two, make sure  
10      they were good, if they needed anything, and then  
11      drove back.

12      Q.     It was a means of transportation. Is that  
13      the --

14      A.     Correct.

15      Q.     Is that a good way of describing it?

16      A.     Yes.

17      Q.     About what time did you post for your role  
18      in the counter assault team?

19      A.     Everyone was post up by -- everybody was,  
20      like, basically ready to go by 1100. I was in  
21      Building 16 basically after the briefing.

22      Q.     When you say "in," do you mean that you  
23      were physically inside --

24      A.     Inside Building 16.

25      Q.     -- the building?

1 A. Yes.

2 Q. Does that include the vehicle?

3 A. Negative, no. The building -- the vehicle  
4 was parked -- the vehicle was parked behind  
5 Building 16, but the operators were in Building 16.

6 Q. What did you understand your role to be?  
7 When would you activate in order to perform your  
8 counter assault responsibilities?

9 A. So our job, the way it was explained to us  
10 from Secret Service, is that the CAT teams were to  
11 only deploy if there was a coordinated attack on  
12 the presidential candidate.

13 Q. Did they define coordinated attack?

14 A. Not to me, they did not.

15 Q. I don't mean to get too far ahead, but  
16 would the shooting that took place later that day  
17 have fallen within that definition or understanding  
18 of a coordinated attack?

19 A. No, ma'am.

20 Q. Why would that be?

21 A. Because that's basically a -- well, I mean,  
22 it could have turned into that, if it was a rude or  
23 something like that. But, no, that was a single  
24 actor, basically an active shooter. So that  
25 wasn't. A coordinated attack would be more so

multiple personnel, vehicles or whatever attacking the stage or, you know, whatever. Like attacking the presidential candidate.

Q. Thank you. I'd like to flip to the page for "Execution" in the Execution -- excuse me, in the "Operations Plan" for Majority Exhibit 2. It's accurate to say that your sector of responsibility was Building 16; correct?

A. Correct.

Q. Thank you. And I'm correct in understanding that there were two counter assault teams and one [REDACTED] team --

A. Correct.

Q. -- on the day of the rally. Was there a Secret Service agents or agent attached -- for the lack of a better word -- to your counter assault team?

A. No, ma'am.

Q. Are you aware of any Secret Service agents attached to either the other counter assault team or the [REDACTED] team?

A. Neither on both. Yeah, neither of them had any Secret Service.

Q. Did you have any responsibilities, you, meaning the counter assault team, have any

1 responsibilities besides responding to a  
2 multi-prong attack?

3 A. As far as a counter assault team?

4 Q. Yes.

5 A. No.

6 Q. Was there any meeting with -- did you  
7 attend any meeting with the Secret Service before  
8 you posted for your event at 1100 hours?

9 A. No, ma'am.

10 Q. Are you aware of any meeting between Secret  
11 Service and local law enforcement?

12 A. No, ma'am.

13 Q. I'd like to return to the "Operations  
14 Plan," and the page for "Command and Control." The  
15 Operations Plan lists frequencies. Is it correct  
16 to say that you were on the OPS 4 frequency?

17 A. Yes, ma'am.

18 Q. Are you listening to any other channel at  
19 any point during the day?

20 A. No, ma'am.

21 Q. Could you describe what A-1 means?

22 A. Alpha-1. That's my call sign.

23 Q. Did you have any ability to communicate  
24 with Secret Service on your radio?

25 A. No, ma'am.

1 Q. Had you received any means to communicate  
2 with Secret Service that day?

3 A. Not the Secret Service, no, ma'am, but I  
4 know we -- I know our commander offered radios to  
5 Secret Service which, from my understanding, no one  
6 ever came to retrieve them.

7 Q. Had you heard that from someone?

8 A. Yes, my commander.

9 Q. Your commander. Do you know the agent to  
10 whom he made that offer?

11 A. No, ma'am.

12 Q. Do you know at approximately what time he  
13 made the offer?

14 A. No, ma'am.

15 Q. Were you aware that Butler County Emergency  
16 Services provided a trailer for Butler ESU, Butler  
17 Sheriff's Office, and Butler EMS to monitor  
18 communications?

19 A. Our Command Post?

20 Q. To my understanding, yes, that would be  
21 your Command Post.

22 A. Yes. I mean, I'm sorry, what was your  
23 question again? Did I know they gave it? Yes. I  
24 knew we had that asset, yes.

25 Q. For the sake and convenience -- I'll call

1       it a trailer. What role did it play in your work?

2           A.     So a Command Post -- obviously, the Command  
3     Post is where our commander and the hired staff  
4     will be to monitor the entire area of operation,  
5     and then also for communication purposes as far as  
6     like radios or like that, those kind of things.

7           Q.     Were you aware that Secret Service had its  
8     own Command Post?

9           A.     Not until that day, yeah, that I found out  
10    that they had their own Command Post up at the main  
11    office building of the farm show grounds.

12          Q.     Do you recall at what point that day you  
13    learned that information?

14          A.     Not the exact time. I'm assuming it was  
15    during the briefing, the 0915 briefing.

16          Q.     Were you ever instructed to contact the  
17    Secret Service Command Post under any circumstance?

18          A.     No, ma'am.

19          Q.     Had you ever at any point heard reports of  
20    a suspicious person?

21          A.     Yes.

22          Q.     When?

23          A.     I don't know the exact time. I would say  
24    it was like -- so my time -- so I kind of lost  
25    track of time whenever they said Trump was running

late. Our understanding was that he was to be there at 1620, do some meet and greets till 1700. Go on stage at 1700, speak for 75 minutes, and then be out of there at 1815. So once he was late, my mental clock kind of went.

As far as time hacks go, it was somewhere like probably between 1600 and, like, 1620, somewhere in that ballpark where one of my operators -- well, actually, he wasn't my team member on the team, but he was assigned to the [REDACTED] team, Officer [REDACTED]. He's the one that brought to my attention that there was a few guys on the side -- outside the perimeter that were just acting weird. Nothing was going on. It was just the way they were acting around the property owner who kept coming by to kind of chase them off the fence line. He made me aware of that. Like I said, it was shortly after 1600.

But, again, at that point it was nothing criminal or suspicious. It was just they were just kind of acting weird. They were running from this way. Then when he'd come back up this way, he would push that guy that way and then this guy would come back up. Like they were playing cat and mouse with the property owner.

1 [REDACTED]: If I may ask, what building  
2 or property are you referring?

3 SGT. [REDACTED]: AGR Building.

4 BY [REDACTED]:

5 Q. And [REDACTED] was referring to multiple  
6 individuals acting suspiciously?

7 A. Correct; yeah. At that point we had a gray  
8 shirt -- which later on turned out to be the  
9 shooter -- a red shirt, and a yellow shirt. Hibis  
10 yellow. That's how we described them.

11 Q. Had those all emerged as -- had reports of  
12 those individuals emerged around the same time?

13 A. Yes, ma'am. To me, yes.

14 Q. To you.

15 A. Yeah.

16 Q. And you only learned about these because  
17 [REDACTED] verbally communicated these to you?

18 A. Yes, ma'am. Yes. So he was over there  
19 with me at Building 16. Like I said, he was part  
20 of the [REDACTED] team. So he would have been one of  
21 those guys on that UTV. If they needed to respond,  
22 that's the vehicle they would use.

23 So I was positioned at Building 16  
24 pretty much all day. But, like I said, every now  
25 and again I would leave that area to do logistical

things or, you know, meet up with Deputy Commander [REDACTED] for this, or, you know. A few times I had to leave that position just to go do something for, you know, admin reasons. But when I came back the one time, that's whenever Officer [REDACTED] pulled me aside. He goes, "Hey, I got this going on."

Like I said, at that point, he was like, "He's acting weird," that kind of stuff, you know. I was like, "All right. Just keep eyes." That wasn't even his job to do so. He just took it upon himself. He seen it, observed it.

Q. "He" being [REDACTED]?

A. Yes. He observed it. Didn't like it. Went and got binoculars on his own and just started watching the situation, you know, on his own accord, basically. I'm like, "All right. Just keep eyes on and just let me know of anything" -- "if it ramps up at all."

Q. Why did he tell you?

A. Because, as I said, they were acting just not like everybody else. Everybody else was kind of like hanging on the fence, just kind of watching, and these guys are just kind of like -- they were like back and forth with, like I said, the property owner. They weren't acting right

1 around him.

2 Then gray shirt, which ended up being  
3 Crooks later, he was more so towards the fence and  
4 then back away. Come towards the fence and back  
5 away. Nothing was in his hands at that point.  
6 Like I -- we never -- like, me, I never saw a range  
7 finder. I never saw anything in his hands. I saw  
8 him for a few minutes when he first pointed him out  
9 to me. I'm like, "All right. Keep eyes on," and  
10 then he disappeared, and I never saw him again  
11 until later.

12 Q. Were you able to see him without the aid of  
13 any kind of visual enhancers? Him, being either  
14 gray shirt, red shirt, or yellow shirt?

15 A. Yes. Yeah, we were approximately 100, 105  
16 meters away, which is roughly 115 yards.

17 EXAMINATION

18 BY [REDACTED]:

19 Q. Just to clarify, between Building 16 and  
20 the AGR Building?

21 A. Yes. So where I was standing would have  
22 been in front of Building 16, maybe 50 feet in  
23 front of the building. Yeah.

24 Q. Facing the crowd?

25 A. Facing the AGR Building -- like facing the

1 AGR Building where like the shooter was, I was  
2 approximately 100, 105 meters away. Is that what  
3 you're asking?

4 Q. Yes, sir. Thank you. So at your post at  
5 Building 16, you were located outside Building 16,  
6 and you could see AGR from your post.

7 A. Yes, sir.

8 Q. And you could see at the time that Officer  
9 [REDACTED] said that there were guys on the perimeter of  
10 the AGR Building acting weird, you could  
11 identify --

12 A. On the fence line, yeah. Officer [REDACTED], he  
13 was there with me at Building 16.

14 Q. Do you recall around what time that  
15 communication between you and Officer [REDACTED] --

16 A. The original? Like I said, it was sometime  
17 like shortly after 1600, 1620, 1615. I'm not real  
18 -- I don't know the exact time, but he says, "Hey,  
19 I got this going on." Like I didn't timestamp it.  
20 You know what I mean? But somewhere in that -- a  
21 little after 1600. I'd say probably before 1630,  
22 but I wouldn't say quite 1630 yet.

23 Q. Can you describe for us your identification  
24 of other suspicious individuals or the same  
25 suspicious individuals for the remainder of the

1 day?

2 A. I'm not sure what you're asking. What do  
3 you mean?

4 Q. So after you had that initial contact with  
5 Officer [REDACTED] about the suspicious individuals, did  
6 those suspicious individuals come up again during  
7 the event?

8 A. Yes. Because at that point Officer [REDACTED]  
9 was very tuned in on them. He just kept -- like  
10 wouldn't -- didn't stop watching them. And then we  
11 -- again, all those times. At one point, we were  
12 talking about -- we went over to the trooper and  
13 tried to get the trooper to go over and see what  
14 was going on, try to talk to him, but he wasn't  
15 supposed to leave his post. He was only one  
16 person. He does eventually go over and try talking  
17 to him.

18 A female deputy sheriff comes over  
19 eventually. He meets up with us outside the fence,  
20 and we talked to her with that trooper. They both  
21 go over at one point. You know, because at this  
22 point we're trying to get somebody over there to  
23 interact with these individuals, you know, see  
24 what's going on.

25 Now, at this point, the gray shirt guy,

1 he's like -- Crooks is gone. I don't see him again  
2 until later. Well, when everything, you know,  
3 pumps off. So as far as the red shirt and yellow  
4 shirt, again, they just keep -- they're just up and  
5 down the fence line. The red shirt, his phone was  
6 constantly recording. Once it got to a certain  
7 time, I'd say probably -- I don't even know how  
8 long. Definitely after 1700. He just kept  
9 recording, kept recording, kept recording. Looked  
10 like he was watching us, for the most part. It  
11 didn't even look like he was watching the rally.  
12 It looked like he was more so recording us.

13 But as far as the suspicious stuff goes,  
14 they were just kind of back and forth, I guess. So  
15 the property owner come over. He'd go after the  
16 one person; they would take off one direction. The  
17 other guy would come back up, then he'd go back  
18 down that way to talk to that other guy, like red  
19 shirt. Red shirt would run -- no, that was yellow  
20 shirt. Yellow shirt would run down -- that would  
21 be -- what direction would that be? East. He  
22 would run, like, east, and then probably when he'd  
23 come back up to this guy, he'd run west on the  
24 fence line.

25 That was the whole makeup of that

suspicious activity with the red shirt and yellow shirt. Like I said, at this point, gray shirt -- I saw him about three, four minutes and then he was gone. I never saw him again.

Q. But you did see gray shirt again, Crooks again. What happened when you saw Crooks again?

A. That would have been at, obviously, 1811. So roughly about 1811, our -- again, we kept asking -- I might as well just go right in. It kind of matches up.

So finally we get a couple cruisers to go over there, like township officers. A couple guys exit their vehicle, and this is probably 1810, 18 -- not quite that late. I don't know a good time. 1807, somewhere in that ballpark, a couple cruisers come up. So one officer walks in front of the building, like on my side in between me and that AGR Building, the building that the shooter was on. Went around. Another officer pulled in then and took this -- so they were basically -- they were kind of like cat and mouse.

I couldn't hear anything. I couldn't hear verbal. I couldn't hear yelling, shouting. It was just all visual. I just see them bouncing back and forth on each side, like looking for

1 something. I couldn't hear "Roof." Couldn't hear  
2 people screaming, you know, "He's on the roof."  
3 Couldn't hear any of that stuff. At this point, I  
4 don't think he -- he wasn't on that building at  
5 this point. But then at 1811, that's whenever we  
6 hear over the net that "On the roof," and then I  
7 hear our commander call for -- deploy [REDACTED]

8 So at that point, Officer [REDACTED] is still  
9 with me. I tell him, I'm like, "Hey, go, go, go."  
10 So he takes off. I do an eye-to-eye contact with  
11 the [REDACTED] team leader. I tell him to go. I'm like,  
12 "Hey, go, go, go. So Officer [REDACTED] runs over,  
13 jumps in the UTV, they take off.

14 Seconds after that is whenever the first  
15 three shots were fired. So I hear the first three,  
16 "Crack, crack, crack." And at this point I'm like,  
17 "Okay, where we at here?" I happen to look up, and  
18 that's when I see Crooks. I got his head, his  
19 shoulders, and I could see a rifle.

20 At that point, I hear another crack.  
21 That's when I start pulling my weapon up. He gets  
22 three off. As I'm getting my -- as I'm acquiring  
23 my target, like I'm getting my red dot up, I can  
24 see the gas emit from his barrel, his muzzle. Then  
25 right after that I hear the snap of his fifth shot

1 go off. Then immediately after that, I press one  
2 off, and that's whenever he immediately goes down.

3 When I say he goes down, it wasn't like  
4 he was ducking to get out of the way. I mean,  
5 like, I know I hit him. Like there's no doubt  
6 about it. He goes down. He kind of jerks to the  
7 right, and then he kind of slumps over slowly and  
8 then kind of slowly rolls backwards out of my field  
9 of view.

10 So at that point, I did not have a  
11 second shot. At that point, he tries to recover.  
12 I could see like the very top of his head. So on  
13 my target, too, like, I had obviously his head and  
14 the upper part of his shoulders. I tried to aim  
15 for the lower part of his head so it gave me more  
16 room to work with if I did pull a shot -- up, down,  
17 left, right. I didn't want to send the round over  
18 his head, obviously, into wherever. I'd rather  
19 shoot low on him and, you know, worst case scenario  
20 hit the roof. Either skip it up or, you know, get  
21 him down below. Throat, mouth, you know.

22 But in this case, I -- like I said,  
23 though, when I hit, he kind of like jerked to the  
24 right, and then he slowly rolled out of my field of  
25 view. So I could see the top of his head still

1 kind of bouncing around like that. Not enough for  
2 me to -- I mean, very, very small amount. Like a  
3 quarter inch, half inch of -- you know, I could see  
4 of his head. Not enough for me to take a shot.

5 So he's starting to recover. Now I'm up  
6 about the forehead, about the eyes, nose. I'm  
7 like, "All right, come on, come on, come on, come  
8 on." I'm just -- I'm standing. I'm not on  
9 anything. I'm in the middle of the field waiting,  
10 waiting, waiting. That's about roughly ten seconds  
11 after I engaged.

12 That's whenever I hear the crack of the  
13 Secret Service sniper rifle go off next to me,  
14 because they were up -- they were just up -- right  
15 up -- so where I was standing, I had a team on  
16 Building 16, which is our building. I had two guys  
17 up on top of the Building 16 and then two buildings  
18 down behind the stage was the second team.

19 I originally thought it was the team to  
20 my right, so if I'm -- I'm on him, Crooks drops,  
21 and then I wait a couple seconds. He did not  
22 recover, so I made a handoff signal. I yelled up  
23 to the Secret Service guy. I'm like, "Hey, good  
24 hit. Good hit. Confirmed." And then -- he didn't  
25 say anything. We made eye contact, and that was

1 it. Then I turned and went back to work. I was  
2 doing other stuff. I was helping civilians and  
3 that kind of stuff.

4 But I also know, like -- and then -- I  
5 knew I hit him, too, because, like I said, you  
6 know, I'm prior service military, so I have combat  
7 experience. His demeanor was not -- like, he was  
8 definitely disrupted or hit, you know. So it  
9 wasn't like him getting out of the way. He wasn't  
10 ducking, trying to reposition. Like he went down.  
11 And then, like I said, about ten seconds later,  
12 Secret Service then put the end shot on.

13 [REDACTED]: Um-hum. Thank you,  
14 [REDACTED]. I want to note that we're at time  
15 for Majority during our first --

16 [REDACTED]: Sure, but I'm happy to --  
17 if there's more while we're speaking on this. I  
18 know it's difficult, so if you'd like to continue  
19 your train of thought, I'm happy to have you --

20 SGT. [REDACTED]: Oh, no. I mean,  
21 Whatever you guys need.

22 [REDACTED]: If it's okay with you, we'd  
23 like to ask a few questions and continue for a  
24 short time.

25 [REDACTED]: Sure. Go ahead.

1 [REDACTED]: And we'll afford the same  
2 time to you all.

3 [REDACTED]: Thank you.

4 BY [REDACTED]:

5 Q. What kind of weapon were you using that  
6 day?

7 A. It's an AR-15 M4 style rifle, 556.

8 Q. Do you remember the rounds that you used  
9 that day?

10 A. Yes, sir. So I load 28 in my magazine.  
11 That was 28 in a 30-round mag. It's just something  
12 that we had always done in the service, because if  
13 you load it with 30, you can get double feeds. So  
14 we always load our mag with 28. Then I alternate  
15 my rounds. So I run two bonded and then a hollow  
16 point. Two bonded, hollow point. So, actually,  
17 when I end with 28, it's a bonded, hollow point,  
18 and then my -- so my first shot is a bonded round.  
19 So the first round I shot, engaged him with, would  
20 have been a Hornady TAP Barrier 62gr round.

21 Q. Thank you, sir.

22 A. Um-hum.

23 Q. How many total shots did you fire at  
24 Crooks?

25 A. One, sir.

1           Q.    Can you describe again Crooks' reaction  
2 after you fired your shot?

3           A.    Yeah.  So, again, when I saw the top of --  
4 the gas coming from his rifle, I heard the snap.  I  
5 engaged.  I pressed one.  And then if you can try  
6 to, I guess, imagine, like -- so up on that rooftop  
7 you see like a head, some shoulders.  And then I --  
8 you know, he's on the rifle; okay.  He's in the  
9 prone position.  On an elevated position.

10                   I was slightly -- so if I'm -- if I'm  
11 Crooks and straight ahead is the candidate, I was  
12 kind of like off to his 11 o'clock.  So I was kind  
13 of angled on him.  So he wasn't -- he wasn't  
14 directly over me, but it was just off to like 11,  
15 11:30-ish, if you're looking at a clock, you know.

16                   So when I engaged, again, from the  
17 angle, it hit his low right.  So he -- I could see  
18 his body twitch, and then, like I said, he slowly,  
19 like, collapsed over to the right.  I'm like,  
20 "Okay, good.  I got him."  Throat, neck, something,  
21 shoulder.  You know, whatever.  And, like I said,  
22 he kind of rolled up.  It looked like he was trying  
23 to recover.  He was struggling.  I'm like, okay,  
24 you know, maybe it was his neck.  Maybe it was his  
25 shoulder.  He was having a hard time coming back

up.

You know, he wasn't trying to reposition, because if he would reposition, he just would have got down and moved, you know. But he wasn't doing that. He was trying to like -- it seemed like he was trying to, like, push himself up on his shoulders or whatever, his arms. And, obviously, if it was hit, you know, you're not going to be able to move real good, you know, pushing on your right shoulder if your right shoulder is hit. But, yeah, that was -- that was that.

[REDACTED]: Because we're over time for Majority, we'll go off the record and resume with our colleagues' questions, and we'll pick this back up when we start our next round.

SGT. [REDACTED]: Sure.

[REDACTED]: Thank you.

[REDACTED]: We can go off the record.

(Off the record.)

#### EXAMINATION

BY [REDACTED]:

Q. Thank you, sir, for recounting that. I have a few follow-up questions based on my colleagues' questions. Sorry to go back in time a

1 bit, but just trying to walk through this entire  
2 chronology.

3 A. Um-hum.

4 Q. So as I understand, you first found out  
5 that Mr. Trump would be visiting the Butler Farm  
6 Show grounds on July 5th, and you heard that from a  
7 message you received from Bravo Team Leader  
8 [REDACTED]. In that first notification, did you  
9 understand that you would be working that event, or  
10 was that just an awareness that this --

11 A. Yeah.

12 Q. -- campaign event was happening?

13 A. Yes, ma'am. So, yeah. We had -- that was  
14 not for us, that was for -- so [REDACTED] with  
15 Butler Township. So Butler Township -- Lt. [REDACTED]  
16 got contacted that he was coming. Then [REDACTED]  
17 just put it out to us as command staff for the  
18 team. He said, "Hey, he is coming. This is the  
19 date." We got notified. Just be prepared. We're  
20 probably going to get, you know, mobilized or  
21 deployed, as far as the team goes. But that was  
22 not for ESU. That was just a heads-up from Butler  
23 Township.

24 Q. Do you know who contacted Butler Township?

25 A. No, ma'am.

1 Q. Do you know if [REDACTED] was in direct  
2 contact with U.S. Secret Service about the event?

3 A. I don't know that at all, huh-uh.

4 Q. You mentioned that there was a walkthrough  
5 on either July 10th or July 11th. I'm not sure  
6 which date in particular. At that point, I think I  
7 understood you to say that Secret Service had  
8 contacted your commander. Would that be Commander  
9 [REDACTED]?

10 A. Yes, ma'am.

11 Q. [REDACTED] then starts bringing the team  
12 together, and at that meeting, you met with members  
13 of Secret Service. If I understood you correctly,  
14 you did your own walkthrough after meeting with  
15 Secret Service but didn't actually walk the grounds  
16 with Secret Service; is that correct?

17 A. Yes, ma'am. I don't know if you have that  
18 map still in front of you.

19 Q. Sure.

20 A. So I guess for everyone's, I guess,  
21 knowledge, so if we start -- so like here's this  
22 building right here.

23 Q. So for the record --

24 A. No, I'm sorry, this building right here.  
25 My apologies.

1 Q. For the record, we're looking at a building  
2 that is -- how would we identify this? You've  
3 marked it earlier.

4 A. That's the starting point. Yeah. So this  
5 is the building where Secret Service -- I believe,  
6 Secret Service and PSP were for their CP, like  
7 their Command Post. Do you see that? It would  
8 have been -- yeah, that building right here. So  
9 that's where -- that building right there is where  
10 we met Secret Service; okay?

11 Q. And what type of building is that? Do you  
12 know?

13 A. This building here? It's just like a white  
14 farm office building, whatever, that the farm  
15 should have.

16 Q. Just part of that farm show grounds.

17 A. Yeah. So that's where we -- so we all  
18 parked down here at Brady Paul. That's where our  
19 -- roughly the area where our CP was. We walked up  
20 here. Like I said, this is where all the Secret  
21 Service, I'm assuming state police -- all the  
22 department heads were, I guess, for this meeting,  
23 this walkthrough. That's where we were introduced  
24 to [REDACTED], [REDACTED], and then, like I said, I can never  
25 remember their last name, that female's name. I

1        can picture her, but I don't know her name.

2                So we all hung out there for, I don't  
3        know, 20, 25 minutes, just kind of like -- everyone  
4        was just kind of like just talking, "Hey, this is  
5        happening," whatever, you know. Then, finally,  
6        people started breaking off. Like some people went  
7        this way. Some people went that way. Some people  
8        when this way.

9                [REDACTED] and that blonde lady and then a  
10       couple guys, they started walking towards -- so,  
11       again, this is where we're at. They start walking  
12       towards the entrance. So they walked up here and  
13       then they made a right. Well, actually, they  
14       stopped here first. So we followed them first. We  
15       thought, "Okay, this is going to be our  
16       walkthrough." They made a right here. They came  
17       down to these -- like whatever these are here. I'm  
18       not sure what these -- there were some food  
19       trailers there, like vendors. Not set up, just  
20       sitting there for like -- not storage, but they  
21       were just there for, I guess, a place to just kind  
22       of keep them out of the way for the farm show.  
23       They started talking about them.

24                So the two gentlemen and then the two --  
25       I'm assuming they were Secret Service as well. I

1 don't know. But the two female Secret Service  
2 agents and then the two males were talking about  
3 those -- where're the food trucks going to go. I  
4 know there were food trucks going to be on the  
5 grounds. We were told that. Not that it had any  
6 meaning to us. But they started, like, "Okay, hey,  
7 where are the food trucks going?" So they started  
8 like calling everybody about where the food trucks  
9 were going to be placed during this event.

10 After about ten minutes of that, then on  
11 the phone, there was myself and three others from  
12 the team that broke off from our main group here.  
13 I'm like, "We'll just go with them and see what  
14 this is all about." After they talked about food  
15 trucks for like ten minutes, I'm like, "I'm done  
16 here." So the four of us left and came back up to  
17 our group here at the main gate. That's where that  
18 SP -- the start point, and that's where we started.

19 We sat there for another five minutes  
20 talking. No one else came up to us. We did have a  
21 Secret Service sniper with us. I believe he was  
22 the TL, the team lead, but he had no -- he did not  
23 know what we were doing. He had no idea what the  
24 CAT team -- not that he didn't know what the CAT  
25 team's job was, but had no, I guess, information

1 for us, where we were going to be placed or where  
2 they wanted us. Nothing like that. So we ended up  
3 -- he walked with us, but had no -- he didn't say  
4 anything about the mission, you know. So at that  
5 point, then we all started walking again like this  
6 way toward Building 3 -- I'm sorry, this road up  
7 here. Came back down. Came up this way.

8 Q. Building 3, I recall is -- I think where  
9 you said that Beaver --

10 A. Yeah, that's where CAT Team 2 was, which  
11 was the Beaver armor.

12 Q. Because I didn't see it very well earlier,  
13 where is 16 where you would be?

14 A. Then we traveled this way around the pond,  
15 and then Building 16 was -- yep.

16 Q. Thank you. In that first, I think, the 20,  
17 25-minute briefing where you're all together --

18 A. I wouldn't call it a briefing, but --

19 Q. What would you call it then?

20 A. A gaggle.

21 Q. What was discussed in the gaggle?

22 A. Nothing really. I mean, there was really  
23 nothing discussed. As far as -- I mean, I know as  
24 far as I was concerned, nothing was discussed.  
25 Now, our commander did go over with a couple people

1 off the side, so I'm sure something was talked  
2 about there.

3 Q. There were people, meaning Secret Service?

4 A. I have no idea. All I know is they called  
5 the commander over. He went over there with a  
6 handful of people. Whether it was Secret Service  
7 -- I'm assuming it was department heads of  
8 everybody -- I'm assuming -- that met with some  
9 Secret Service, but, again, I wasn't -- I wasn't  
10 over there, so I don't know who was all over there  
11 or what was discussed.

12 But, yeah. Then, obviously, our  
13 commander came back to us, and that's whenever we  
14 kind of started off and took it upon ourselves to  
15 do our own walkthrough.

16 Q. You took it upon yourselves to do this  
17 walkthrough. At that point you knew that you were  
18 being called upon to be a counter assault team; is  
19 that correct?

20 A. Yes, ma'am.

21 Q. What were your concerns? What were you  
22 looking for that prompted you to do your own  
23 walkthrough?

24 A. So as far as -- so for the counter assault  
25 team, like, I'm looking for, obviously, coordinated

attacks. I want to be able to have a clear line of, like, to infil or exfil our vehicles, you know, to get guys there and then, obviously, to get whoever out, if need be, you know. So that was my main thing. Then, obviously, as a whole, you know, we were looking for, like, soft -- like, you know, soft spots like where there could be potential hazards or, you know, that could be easily compromised, you know. So we kept eyes out for those as well.

Q. Did you identify any soft spots or hazards in your walkthrough?

A. Yes, ma'am. So, actually, that whole -- like this whole corridor like -- so, again, you come outside the fence line. This whole AGR area we said that we didn't like.

Q. And this AGR area, just to be clear on the map, is sort of below the -- maybe you could mark it on the original exhibit, if you don't mind.

A. (Marking document.) So basically everything outside that fence line.

Q. Um-hum.

A. And then like -- so what we would have liked to have seen was that -- like this right here, this is Whitetown Road, and this is Meridian

1 Road, and this is 68. So, like, what we wanted to  
2 see was actually this part of Whitetown that  
3 connected Meridian to 68 to be shut off -- shut  
4 down. Then this whole entire AGR Building or AGR  
5 property to be like -- basically, like locked down.  
6 You know, you don't necessarily have to, like, tape  
7 it off, but, like, put units out throughout that  
8 property. At least the fence line.

9 And I know -- I don't who, and I'm not  
10 going to speculate, but I know it was put up and we  
11 were told that, like, "We'll take care of it."  
12 That "The Secret Service will be able to take care  
13 of it." Then we were also told that there was  
14 going to be, I guess, like, black fabric, like  
15 landscaping paper or fabric paper put up on the  
16 fence line so people wouldn't be attracted to the  
17 fence, so they couldn't see through it, and that  
18 never happened.

19 Q. Did you, personally, raise that concern  
20 about the AGR complex to Secret Service, or do you  
21 know who did?

22 A. I don't know who did, no. I know one of  
23 the snipers did. I know -- it was [REDACTED]. I know  
24 he did. He told them -- because there was also  
25 like a little valley right here, so like -- you

1 can't see it here with this map. But like in this  
2 area right here (marking document), it's like a  
3 little valley, kind of like. It's like a little --

4 Q. Where this water tower is?

5 A. Yeah. If you go, like, more so like at an  
6 angle, like -- like this way (marking document),  
7 it's a little -- like a little -- you wouldn't call  
8 it a valley, but it's a little -- you know, and --

9 Q. The landscaping sort of slopes down there.

10 A. Correct. And it would be -- and there was  
11 a blind spot, too. Like the way everyone was  
12 facing, somebody could easily come up from that  
13 side. And, you know, at that time, too, the stage  
14 wasn't built, so we didn't know really where the  
15 stage was going to go. So we were like, hey,  
16 depending on where it's going to go, somebody could  
17 come up through there and, you know, either, if  
18 they do have a gun, take a shot, or somehow some  
19 way do something without us even maybe knowing  
20 about it.

21 Q. Do you know who at Secret Service said that  
22 they had this covered?

23 A. No, ma'am.

24 Q. Did you have an understanding of what that  
25 would mean that they had it covered?

1 A. No. No, I have no idea.

2 Q. Do you have any understanding of who  
3 selected this site?

4 A. No, I have no idea.

5 Q. Any understanding of who set the perimeter?

6 A. I'm assuming Secret Service did.

7 Q. Earlier you mentioned that I think  
8 Pennsylvania State Police were perhaps in the room  
9 at some point. I don't want to misstate that.  
10 What were your interactions with Pennsylvania State  
11 Police?

12 A. I had no interaction with state police. I  
13 just know that there was PSP on-site. I don't know  
14 how many. Then the only thing I knew of was that  
15 PSP was to -- anything, like, if there was like a  
16 fight or anything that was going on as far as like  
17 outside of like an active shooter or coordinated  
18 attack, like if there was a fight -- any kind of  
19 disturbance outside of like attempt on the former  
20 president, PSP was to handle it. So if there was a  
21 fight, then PSP would go out. Uniformed officers  
22 would go out and interact, not tactical officers.

23 Q. So sort of a more traditional patrol --

24 A. Correct.

25 Q. -- function?

1           A.    As far as PSP, that's what I understood  
2           their job was.  The only PSP I saw was, again, the  
3           officer or the trooper that was right outside that  
4           fence line to where we were that was on a -- they  
5           were on the post.

6           Q.    And I do want to come back to that trooper,  
7           but --

8           A.    Yeah.  He would have been posted right --  
9           he would have been posted right at the corner of  
10          this fence (marking document).

11          Q.    And would you like to mark it on that  
12          version of the exhibit, please.

13          A.    Yeah.  (Marking document.)

14          Q.    And I believe you said there was perhaps a  
15          sheriff deputy.

16          A.    Yeah.  I don't know where she was  
17          originally.  I want to say she was down here in a  
18          car and then she drove over to him later, but I  
19          don't know where she was posted at.  But,  
20          eventually, though, she does drive up to the  
21          trooper's vehicle, and I do make contact with her.

22          Q.    Okay.  I do want to come back to that, but  
23          I don't want to take us too far out of the  
24          chronology.  Staying on that pre July 13th meeting,  
25          I think you mentioned either there or later you

1 would told to be out of sight. Who told you that?

2 A. So our commander was told that from Secret  
3 Service. Now, that was later debunked by another  
4 Secret Service agent. So when we did our  
5 walkthrough and our setup -- and that's how we  
6 picked Building 3 and Building 16, was to be out of  
7 sight, out of mind. Okay, that's how we -- we were  
8 under the understanding that that's what they  
9 wanted.

10 As we were leaving the walkthrough, our  
11 commander made contact with -- or someone made  
12 contact with our commander, being that third agent  
13 that I don't remember her name, the blonde. She  
14 asked the same thing. She goes -- and our  
15 commander told her, "Well, we were told to be out  
16 of sight, out of mind." And she said, "Who told  
17 you that?" And we couldn't -- our commander, he  
18 didn't know who told him that, either, because I  
19 think that came from the original briefing that was  
20 down in Pittsburgh. I think it was down in  
21 Pittsburgh. I wasn't there. I know [REDACTED] and  
22 [REDACTED] went to that.

23 Q. So this is a separate briefing from the  
24 July 10th, July 11th walkthrough?

25 A. Correct. I was not there, so I don't know.

1 But believe that's where that information came  
2 from, to be out of sight, out of mind. But don't  
3 quote me on that; that would be something for the  
4 other guys. But that other agent that I don't know  
5 the name of, she then told our commander, "No,  
6 that's not true. We don't want you out of sight,  
7 out of mind. We just want you out of sight of the  
8 media." Like, "We don't want guns and armor and  
9 all this stuff right in the line of" -- "Like if  
10 we're shooting Trump with the cameras, we don't  
11 want you guys to be plastered, you know, behind him  
12 or whatever. We just want you out of sight of the  
13 media." I guess that's what they meant. But, I  
14 don't know. We stayed where we originally picked.

15 Q. You said that you picked the sites. Did --

16 A. We did, yeah. We did.

17 Q. You picked the two sites for your counter  
18 assault team. Did Secret Service have any comment  
19 on where those would be? Did they approve it in  
20 any way?

21 A. Not that I'm aware of, no.

22 Q. How did you make Secret Service aware that  
23 those were your site selections?

24 A. I'm assuming the commander did.

25 Q. The third agent who I know you said is a

1 woman, blonde hair. Might her name have been  
2 [REDACTED]?

3 A. Yeah, that's it. Yep. Yep.

4 Q. There we go. Thank you for that. You also  
5 mentioned that you knew what assets were coming at  
6 the time of this meeting. What does that mean,  
7 what assets were coming?

8 A. Well, support assets. So, basically, we  
9 knew that we had the sniper element from  
10 Washington. I knew I had a counter assault team  
11 coming from Beaver, an armored truck coming from  
12 Beaver. That's -- those are assets.

13 Q. And who determined what assets would be  
14 on-site that day?

15 A. The commander.

16 Q. Again, did he communicate that, to your  
17 knowledge, with Secret Service?

18 A. Yes. So the Secret Service, again, to my  
19 knowledge, obviously contacted our command,  
20 requested two sniper teams and two counter assault  
21 teams. We ended up giving them two counter assault  
22 teams, three sniper teams, and then other assets to  
23 be available. We gave them extra medics. We gave  
24 them more than what they wanted or what they  
25 requested.

1 Q. Had you ever worked a similar event either  
2 generally, a presidential rally, a large campaign  
3 event before?

4 A. I have not, no, ma'am.

5 Q. Have you worked any other events at this  
6 particular site, the farm ground?

7 A. No, ma'am.

8 Q. Between the time of the July 11th  
9 walkthrough and the event, do you recall receiving  
10 any other sort of operational plan? I know we've  
11 talked about this Butler ESU Detail Plan, which  
12 we'll come back to in a moment. Anything else that  
13 you received in terms of maps or other law  
14 enforcement operational plans?

15 A. No, ma'am. The day of is whenever I got my  
16 maps, my aerials. So no maps prior as far as Op  
17 plans, no.

18 Q. You've spoken about a few different  
19 tactical elements. We've got counter assault  
20 teams, we've got the [REDACTED] we've got snipers. Are  
21 you all coordinating to figure out your positions?

22 A. Yeah. I mean, snipers kind of did their  
23 own -- and, like, not that they did their own  
24 thing, but they have a totally different mission  
25 than us. They got to have eyes on the crowd.

1 Okay, so our snipers and just -- so we have  
2 snipers. Just so we're clear, we do not have  
3 counter snipers.

4 Q. Thanks for that clarification. What is the  
5 difference between a sniper and a counter sniper?

6 A. Snipers are going to -- so whenever our  
7 snipers are deployed, like in our world here,  
8 they're on the offense. They're looking at the  
9 objective. They're looking at the bad guy already.  
10 We already know the bad guy's in here. You know,  
11 they may be looking to get that shot or just  
12 gathering intel.

13 Counter sniper is where you're basically  
14 facing out trying to find other snipers that are  
15 trying to engage into the -- you know, into the AL.  
16 So, basically, you have a basic counter sniper that  
17 you're trying to find other snipers before they  
18 find you or they find -- you know, they get their  
19 target. Like, you know, in this case it would have  
20 been the candidate.

21 Q. And I believe earlier you mentioned that  
22 there were some counter snipers there that day from  
23 U.S. Secret Service?

24 A. Correct. There was two counter sniper --  
25 two counter assault sniper teams from Secret

1 Service; correct.

2 Q. Did any other law enforcement agencies  
3 provide counter snipers?

4 A. No, ma'am.

5 Q. When did you become aware that Secret  
6 Service would provide counter snipers?

7 A. I don't remember the exact date.

8 Q. Was it before the day of the event on July  
9 13th?

10 A. Yes. Because we were told prior to -- I  
11 don't know where this came from. I believe it was  
12 counter sniper -- Secret Service sniper to our  
13 sniper, but, basically -- or it could have been the  
14 commander, I guess. I'm not sure, but it was told  
15 to us that this was the first time that the Secret  
16 Service was ever deploying counter assault sniper  
17 teams for a non-sitting U.S. president.

18 That's why that kind of -- that,  
19 obviously, raised our awareness more. It's like,  
20 "Whoa, what's going on here? Was there threats  
21 made?" You know. And then we were told that -- we  
22 were told it was, yes, but they were not credible.  
23 Then according to those guys, like the sniper team,  
24 the Secret Service sniper guys, it was like, "This  
25 is like a first for us. We've never been deployed

1 for something like this."

2 Q. And who was involved in that discussion  
3 about the potential threat?

4 A. I believe the commander.

5 Q. Do you know who from Secret Service said  
6 the threats were not credible?

7 A. No, ma'am.

8 Q. Earlier you said that you had a concern,  
9 others had concerns, about the lack of coverage of  
10 the AGR area during your walkthrough. Could the  
11 counter snipers' position cover AGR?

12 A. Secret Service?

13 Q. Yes.

14 A. I was never up on those roofs. I have no  
15 idea.

16 Q. Is it possible that that was a response to  
17 the concerns raised about the AGR Building, the  
18 decision to deploy counter snipers that day?

19 A. Again, I have no idea. I'm not part of the  
20 Secret Service. I have no idea.

21 Q. Understood. Did Secret Service or any  
22 other agencies deploy counter assault teams, sort  
23 of analogs to your team's position, or were you the  
24 only counter assault teams that day?

25 A. Was there extra assets -- extra teams?

1 Q. Yes.

2 A. No, ma'am. No, there was only -- so Butler  
3 ESU had command as far as tactical operations.  
4 Well, I shouldn't say we had command. We fell  
5 under Secret Service, but we had the command as far  
6 as like control of boots on the ground. We had two  
7 counter assault sniper teams, one [REDACTED] and then our  
8 sniper elements.

9 Q. When you say you fell under command of  
10 Secret Service, how were they directing your  
11 activity?

12 A. Well, this is their -- I mean, this is  
13 their mission. We were asked just to assist.

14 Q. So who would have been the point of contact  
15 with Secret Service, from your perspective? Are  
16 you supposed to be in contact with them?

17 A. Me, personally? No. Our command was.  
18 Well, I mean, we were supposed to be in contact  
19 with them. I'm pretty sure he was via phone  
20 leading up to the day. As far as in charge, I  
21 believe it was -- I believe [REDACTED] was the special  
22 agent in charge, but I'm not sure.

23 Q. And if they're sort of organizing the  
24 event, they're in command, what other assets is the  
25 Secret Service providing that day? How would you

1 describe their role day of?

2 A. As far as I'm concerned -- as far as I  
3 know, they didn't provide. I mean, besides your  
4 counter assault -- your counter sniper teams, two  
5 of them. The counter assault team that was  
6 actually traveling with the president, that didn't  
7 show up until, obviously, when he showed up. Then  
8 a few -- like I said, there was a handful of plain  
9 clothes. I want to say maybe around eight.

10 I don't know if they were agents --  
11 Secret Service agents or they were Homeland  
12 Security Agents, I'm not sure, but they were in  
13 that Building 16 with us. They were there as well,  
14 but they were just kind of -- I don't know, maybe  
15 they were kind of walking around. Like, they  
16 really didn't seem like they had like an actual  
17 mission per se.

18 I don't know what their mission was. I  
19 didn't -- you know, we talked to a few of them just  
20 more so like, "Hey, how's it going?" Just kind of  
21 -- you know. But they were just kind of in and out  
22 of the building like all day. Like two would go  
23 out, come back in. I don't know if they were just  
24 doing a walkthrough. They'd come back in, a couple  
25 other guys would leave.

1 Q. But fair to say they were visible to you  
2 that day.

3 A. Oh, yes, ma'am. They were in our building.

4 Q. So getting to July 13th, I believe you said  
5 you arrived, you had this morning briefing. I  
6 think we jumped ahead a bit to reports of the  
7 suspicious person later in the day. What are you  
8 doing between showing up first thing in the morning  
9 until, let's say, 1600?

10 A. So, basically, just to keep my guys ready.  
11 So, at 10:45, we -- me and the Bravo team leader  
12 called -- [REDACTED]. We called the guys back. We  
13 said, "Hey," over the Signal app. Have you guys  
14 heard of the Signal app? Okay.

15 Q. Heard of it, but, please, if you wouldn't  
16 mind, who is -- for the record, how are you using  
17 it? Who are you communicating with?

18 A. So we had like a group message thread,  
19 whatever. It has everybody on the entire team. So  
20 even guys that weren't there that day, you know,  
21 like, they were still getting those messages, you  
22 know, because it's just the whole entire team.  
23 Medics. Everybody. So what we did was -- so  
24 [REDACTED] and I at 10:45, we're like, "Hey," we  
25 texted on the Signal app. "Come back." At 10:45

we had PCCs and PCIs -- that's pre-combat checks, pre-combat inspections. So all the guys came back. Then we knew gates weren't opening up to the public until 1300, but we wanted all of our guys in place ready to go with at least 50 percent security at 1100.

Q. What does that mean, 50 percent security?

A. So if you have two guys in a foxhole, one guy can sleep, one guy can be up.

Q. Okay. So everybody is on-site, but one person is definitely on the -- on the post.

A. Fifty percent, yeah. Yeah, so if there are six, seven, eight guys on a team, then there's four guys ready to respond. So as far as -- take the [REDACTED] for example. So there were six guys in the [REDACTED] We wanted three to four guys on that UTV, even though it wasn't -- time wasn't -- you know, he wasn't here yet, but we wanted guys on there just in case something did break out in the crowd like way before he even showed up.

Q. Understood.

A. So 1100 hours we had guys ready to go, like, duty purposes. Like they were on duty. They were good to go. The other guys could take their kit off, you know, get some air, drink some water,

1 go to the bathroom, go grab something to eat,  
2 whatever. Once [REDACTED] got there, we broke -- you  
3 know, "Hey, you two guys go get chow." "You guys  
4 stand on security." When they came back, the other  
5 two would go.

6 After that, then come 1300 when gates  
7 opened, then it was a hundred percent on. So at  
8 1:00, it was -- everybody was on. If you had to  
9 take a break, you just told your team lead, "Hey, I  
10 have to go to the bathroom," "I have to do this,"  
11 "I have to do that," then you could go. "I need a  
12 break"; take your kit off, whatever; somebody else  
13 would jump into your place and cover for you.

14 Q. Why use Signal for those types of  
15 discussions?

16 A. Because everybody -- because everybody is  
17 getting in like right now.

18 Q. But why Signal as opposed to text message  
19 or using the radio?

20 A. Because the Signal app is just -- it's  
21 already set up for the whole team. Instead of me  
22 going through there and putting each person in  
23 there to text message, like 50 people, okay -- this  
24 person, that person -- it's already set up.

25 Q. So this is something that you -- it sounds

1       like you use regularly with the whole team as  
2       opposed to something that was just set up for the  
3       July 13th event.

4       A.     Yes, ma'am.    Yep.

5       Q.     As you're discussing with -- maybe go to  
6       the time the crowd starts coming in around 1:00.  
7       Any concerns?  Anything you're observing at that  
8       point?

9       A.     Not really.  I mean, just -- well, the only  
10      thing that was started -- not quite that early,  
11      but, like, we were like, "Hey," you know, "we  
12      thought they were going to have fabric on the fence  
13      line."  Just things like that, you know.  But,  
14      whatever.  I mean, it is what it is.  I mean,  
15      you're not going to -- we're not going to go seek  
16      somebody out to go put up fabric people now.  You  
17      know, you just adapt.  You know, so --

18      Q.     Do you recall any discussions about other  
19      ways of obstructing sight line, maybe large farm  
20      equipment, anything like that that had be discussed  
21      potentially being in use that day?

22      A.     Not from our standpoint, no.  I mean, not  
23      from the counter assault side.

24      Q.     Did you ask anybody why they didn't use  
25      that black fabric?

1 A. No, ma'am.

2 Q. Then between crowds coming in at around  
3 1600, anything else that jumped out to you?

4 A. No, not really. I mean, we had -- like we  
5 had like a fence line by the one bleacher that  
6 broke open. Like it just kind of like came off the  
7 hinge. And the crowds were -- there was a lot of  
8 people. So, like, they were stuffed in there, so  
9 we had to kind of like push people back and get the  
10 gate resecured.

11 A lot of medicals. I think we had over  
12 200 and some, like, heat injuries, so the medics  
13 were kind of running back and forth, back and  
14 forth. We even ran out a few times to help,  
15 whatever, take water out to people, you know, that  
16 kind of stuff.

17 But as far as that goes, no. I mean, at  
18 that point there was really no concern as far as  
19 the people coming in now. Like nothing was -- you  
20 know, nothing rose to our attention, you know.

21 Q. Then around 1600, 1620 -- appreciating you  
22 don't have the exact minute in your mind --

23 A. Yeah, I don't know.

24 Q. I think you said [REDACTED], who had been  
25 assigned to [REDACTED] brought to your attention that

1       there were some folks acting weird at the fence  
2       line. How did he notify you?

3       A.     In person face to face.

4       Q.     Was he on the patrol seeing this --

5       A.     No.

6       Q.     -- or how did he become aware?

7       A.     Again, he was attached to [REDACTED] so he was  
8       standing right there in front of Building 16 like I  
9       was. And I was -- like I said, again, I was off.  
10      I was -- I'm not sure what I was doing at the time  
11      when I came back to him whenever he first told me.  
12      Like I said, I was running -- I had to run a  
13      logistic thing over to the other CAT team, make  
14      sure they're okay. I'd come back. I'd hit a  
15      Command Post stop. You know, so I was doing a  
16      couple admin logistical stuff.

17      Q.     So you're sort of going between Building 16  
18      and Building 3 over the course of the day?

19      A.     I went between Building 16 and Building 3  
20      twice. I did have -- I also had phone  
21      communication with them, with the one -- the one  
22      operator. I texted him at least once. I said,  
23      "Hey, you guys good over there?" He responded,  
24      "Yes, we're good." But, yes, it was twice I  
25      actually went to Building 3 to check on those guys.

Then I went to the Command Post probably three or four times to see what was going on as far as -- I wasn't going to tie up the net to get a sit rep, a situation report, or, you know, "Hey, what's going on," because at this point Trump was running late, this and that, you know. Now we were getting time hacked over the net.

Q. Meaning over the radio?

A. Over the radio, yeah. But as far as [REDACTED], when he first informed me -- I don't know where I was returning from, but when I came back, he goes, "Hey, [REDACTED], check this out." And then, like I said, he took it upon himself. He seen something that didn't look right. Went to the armor. Got the binos out and then just started monitoring those three individuals.

Q. I think you said you told him to keep eyes on the individuals?

A. Yes, ma'am. Yes. "Just keep eyes on," and then, you know, "If anything changes or if anything rises up, just let me know." He's like, "All right."

Q. What would be some indicators of "rising up"? What would --

A. Well, now we have, you know, weapons or

1 setting things -- I mean, something that's just way  
2 out of the ordinary. You know, people were even --  
3 if we did see the range finder -- like we never saw  
4 it, but that would be an indicator. Like, "Hey,  
5 that kid's using a range finder over there."  
6 "Okay," like, "Let's go see detain him."

7 Q. You never personally saw Mr. Crooks with  
8 the range finder. How did you become aware that he  
9 may have had one?

10 A. I believe it was over the Signal app  
11 whenever one of the sniper teams put it out that he  
12 had a range finder.

13 Q. Do you recall around what time that was?

14 A. No, ma'am.

15 Q. But sometime after this sort of 1600, 1620?

16 A. Correct.

17 Q. Then you received a Signal and --

18 A. I want to say it was after 1700 is whenever  
19 the information came out about that. But, again, I  
20 -- I don't know if I have it in here or not, as far  
21 as like a quick timeline.

22 [REDACTED]: And, for the record, [REDACTED]  
23 [REDACTED] has brought in some notes that he's  
24 referring to.

25 A. No, I don't have that.

Q. Okay. But approximately after 1700, you come to hear over Signal that this individual has a range finder. Did you understand that to be one of the same people that had been identified earlier at the fence line, or might this have been a different individual?

A. Right. And I think shortly thereafter is whenever the pictures came over, of like the elevated position above him. Him sitting there with a gray shirt. I believe he was on his phone. There was no picture of the range finder. That's when we confirmed to the snipers -- Officer [REDACTED] did -- that, "Yes, that is him a hundred percent. That is the guy that we saw earlier."

Q. And how did you receive photos?

A. Through the Signal app.

Q. What happens next?

A. What time are we at?

Q. You've received now photos of this person. [REDACTED] has confirmed this is the same person you saw earlier. This person might have a range finder.

A. At this point, gray shirt's gone. Like he's not even been -- we haven't seen him now. So on that original -- on that initial contact that --

I'm not sure how long [REDACTED] saw him for, but when he had told me about it, I saw him for about three to five minutes and then -- for me, and then he was gone. I never saw him again until he was up on the rooftop. And then -- I'm trying to think.

At this -- at some point, like I said, you know, like I said earlier, we contacted, you know, the trooper. "Hey, go over and talk to red shirt and yellow shirt." At this point all of our eyes are on -- focused on yellow shirt and red shirt, because, like I said, gray shirt's gone. So our focus now is on those two individuals and trying to get somebody over there, a trooper, sheriff, deputy, whatever, try to get them over there to make contact to see, "Hey, what are you doing?" They went over and tried to talk to them. Every time they would get close -- same thing they did with the property owner -- they would just disperse.

Q. How did you communicate with that Pennsylvania State trooper?

A. Face to face.

Q. Do you recall that trooper's name?

A. Trooper [REDACTED].

Q. What did you say to Trooper [REDACTED]?

1           A.     Well, he saw it, too. I mean, you know, he  
2     saw the same activity we saw going on. And we  
3     said, "Hey" -- you know, we had -- we were inside  
4     the second fence line. He was in between the first  
5     fence line, and the two, red shirt, yellow shirt.  
6     So he had the ability to go over to that next fence  
7     line and talk to them. He couldn't get to them,  
8     but, you know, he'd be able to talk to them through  
9     the fence.

10                We, obviously, couldn't move anywhere.  
11     Our fence is right there right outside Building 16.  
12     But we basically went, "Hey, these guys" -- he's  
13     like, "Yeah, I see it, too." And on the initial,  
14     he's like, "I really can't leave my post." And  
15     then eventually -- I mean, it wasn't like -- he  
16     wasn't like that very long. He was like, "Okay,  
17     I'm going to go over and talk to this guy," you  
18     know. So he does shortly thereafter go over there  
19     and talk to them. He comes back. Never made  
20     contact because, like I said, they just kept moving  
21     back and forth.

22                Then the second time is whenever the  
23     sheriff deputy came up, and then those two were  
24     never together. I do believe Trooper [REDACTED] did  
25     end up talking to the guy in the red shirt, but he

1 was kind of -- he was still kind of hesitant of  
2 talking to him, you know. I don't know what was  
3 discussed, but it was -- it didn't come to  
4 anything.

5 Q. Other than face to face, would you have any  
6 way of communicating with Pennsylvania State Police  
7 that day?

8 A. We didn't, no. We know they deployed two  
9 vice guys, plain clothes vice. Because, again, we  
10 asked for guys to be sent over there, and Trooper  
11 [REDACTED] did call somebody. I don't know if it was  
12 radio or phone. He did say that they were going to  
13 send over a couple vice guys. Eventually, a couple  
14 vice guys do come over, and he points them out to  
15 us. And he goes, "There they are. There's Trooper  
16 So and Trooper So and So." They end up walking  
17 down, like, past red shirt, yellow shirt, and kind  
18 of turned around and come back. They didn't make  
19 any contact with either one.

20 Q. Do you know which or if Pennsylvania State  
21 Police is represented in either of the two Command  
22 Posts?

23 A. I know that Trooper [REDACTED] was in the  
24 Secret Service Command Post, and he had a direct  
25 line -- not a direct line, but phone -- cellphones

with our Commander [REDACTED]. I know Commander [REDACTED] and him are -- I mean, we're all friends, but they're good friends. So any time [REDACTED] would call [REDACTED] or [REDACTED] would call [REDACTED], they would answer, because they knew something was going on. It wasn't to call to talk. It was calling because they need something.

Q. Understood. So even if you didn't personally have a direct line to the troopers other than face to face, your commander, you understood what was --

A. Correct. Or I'd tell Trooper [REDACTED], "Hey, can we get this?" And then he would try to call somebody.

[REDACTED]: Thank you. And I think we've gone a few minutes over, if you would --

[REDACTED]: We can go off the record.

(Off the record.)

#### EXAMINATION

BY [REDACTED]:

Q. [REDACTED], I'd like to go back to what you were describing seeing Crooks on the AGR rooftop and your actions surrounding that.

A. Um-hum.

Q. Can you help clarify with us your certainty

1 about striking Crooks with the bullet from your  
2 rifle?

3 A. Yeah. So, you know, again, with my past,  
4 you know, being in the service, law enforcement,  
5 fire instructor, all that stuff, I know I'm very  
6 familiar with a weapon. I'm very good with  
7 weapons. And like I know -- so when I engaged, my  
8 reticle never left Crooks' body, even after my --  
9 even after I shot, so I didn't have to realign --  
10 my dot never left his body, my target. And, again,  
11 which basically verified that my muzzle never would  
12 have left that target area.

13 Then it was his reaction. Again, like,  
14 when you hear a bullet fly over your head past your  
15 head -- again, I've experienced it. At first --  
16 that very first time, it's like -- you're like,  
17 "Oh, holy jeez." Like, you're ducking. You're  
18 getting out of the way. There could be more  
19 coming, you know. You're not going to just get out  
20 of the way once and, like, that's going to be it.  
21 You're going to get out of the way. Take cover.  
22 You know, get down.

23 Like I said, he had no urgency. When I  
24 hit, like I said, there was that jerking motion.  
25 Like, you know, it was more like on the right side,

1       like he kind of like jerked down to my left, his  
2       right. And, like I said, then he slowly rolled  
3       like he just had no strength, whatever, and kind of  
4       slowed -- slowly rolled over, you know, off to his  
5       right side. He then kind of like then rolled out  
6       of my -- rolled down the hill, like, you know, down  
7       the roof. Not rolled down, but just kind of went  
8       down outside of my view. Yeah, I mean, is there  
9       anything else that I can --

10       Q.    Yeah. Did you see any blood from Crooks  
11       after you fired your weapon?

12       A.    No. That was too far for me to see  
13       anything like that. Like I said, the only thing I  
14       did see was obviously him, and then the gas emit  
15       from his barrel, his muzzle break, when he engaged.  
16       I heard the snap. Right after I heard the snap or  
17       that round go off, is whenever I engaged, which,  
18       obviously, was after his eighth round -- after his  
19       eighth shot. Then from there, like I said, he --  
20       it neutralized him, because he never -- he never  
21       shot again. And then ten seconds later is whenever  
22       the Secret Service then engaged.

23       Q.    About ten seconds after your shot fired  
24       before the Secret Service counter sniper fired?

25       A.    Yeah, because mine was -- from what I've

1        been told, what the analyses are saying is like 5  
2        seconds for Crooks to shoot eight. Then I was like  
3        5.77 after his eighth shot. I was like a half a  
4        second. It was like a half a second after his  
5        eighth shot, I engaged, which made me like 5.77,  
6        like that.

7                Then he engaged like -- Secret Service  
8        had engaged at like 15 something, which is like 10  
9        seconds after, you know. So from shot one to shot  
10       ten is 15 seconds. So Crooks got his eight out in  
11       5. I engaged shortly after his 5 seconds, 5.77,  
12       something like that, and then at 15 something is  
13       whenever the Secret Service had engaged the tenth  
14       shot.

15        Q.     When you were at the Building 16 and you  
16        made an approach on Crooks, who was on top of the  
17        AGR Building, do you know if anyone witnessed your  
18        actions on Crooks when you began to move towards  
19        him?

20        A.     There was a -- so Lt. [REDACTED] -- yeah,  
21        there was -- there was a few people. No operators.  
22        I was there -- so at that point, I was there by  
23        myself, as far as operators go. So my CAT Team 1,  
24        the guys went back to the vehicle behind Building  
25        16, got into our armored vehicle and moved up

1 around the side to where the candidate made his  
2 entrance with the motorcade and staged the armor  
3 back there, which would be -- I mean, if you're  
4 looking at the map -- basically, if you're looking  
5 at that -- so we're in Building 16. If you come  
6 down two buildings, that's 15, 14. So 14 is the  
7 building where the next sniper's element is.

8 They pulled up just -- if you're looking  
9 at the stage or looking at the building, it's to  
10 the right of that building. So if you're looking  
11 at it this way, they pulled up and parked that  
12 armored vehicle right there to the right of this  
13 building there. So at that point, I mean, I don't  
14 know if you guys -- I'm basically -- at this point  
15 I'm standing -- so when I engaged, I'm like right  
16 here (marking document).

17 [REDACTED]: The witness has marked  
18 outside of Building 16 sort of to the side of the  
19 stage.

20 A. Yeah. So, yeah, the stage is like up in  
21 here. It's like a bleachers, whatever. I was  
22 somewhere like in the middle here. Then,  
23 obviously, Crooks is right here on that building.  
24 So, like I said, it was approximately -- I said 100  
25 meters. They ranged it like 115 yards. Do you see

the dot?

Can you also mark the exhibit that's in front of you, sir? We've acquired some markers.

How about blue?

Can we go off the record for a second?

(Off the record.)

BY [REDACTED]:

Q. At the location that you fired at Crooks, can you describe the other local law enforcement entities or Secret Service or other law enforcement that were around you at the time that would have seen you fire at Crooks?

A. And, again, at this point, I don't -- there's nobody around me. Like I said, my Counter Assault Team 1 got in the vehicle, moved itself. Repositioned to the right of that Building 14 -- again, if you're looking at the stage. [REDACTED] team was gone.

The only people that were in Building 16, there may have been some of them Homeland Security people or Secret Service guys. I'm not sure if they were in there still. Well, I know there was someone still in there, because some did

come out later after I engaged. But I know there were some medics in there. There was a doc in there from AGH or AGM, whatever. The only -- there is a video out there from Lt. [REDACTED] body cam that actually one guy dissected and broke it down, like, frame by frame where it actually -- he actually catches me -- not so much engaged, because LT kept moving back and forth behind cover on this one -- I believe it was the one crane that was there holding up one side of the flag.

One view sees me actually, like, turning square up to the target. In another view he moves again, and then it shows me looking up at him. Then I come down and I give like the thumps-up to the Secret Service sniper. I said, "Hey," you know, "Good hit. Good hit." That's the only person I know that -- whether he saw me shoot or not, I know his body cam picked up some of it. You know, not so much the engagement whatever, but a lot of the movements I had going on over there.

Other than that, I don't know of anyone who actually saw me shoot per se. I know people were saying -- like the medics that were inside, they know I shot, but I don't know if they actually saw me shoot. But that's, I guess, about it.

Q. Did you speak with anyone about this, about firing at Crooks at the July 13th campaign rally site?

A. Yes, sir. So basically -- so immediately after, I tried to radio up to my command that I engaged, but the net -- the radio, it was just -- it was blowing up. Every time I tried to cue my mic, it was just -- you get this tone. It's like a "Boop, boop." You know, and I just kept getting that tone. So I said, "Hey, whatever. I'll make contact with my commander later."

So when I got back later on that evening around like 10:00, because then I got -- I got redeployed to go secure the parking lot, the L-Z, and the hospital, outside perimeter of the hospital for Trump's exfil. So I didn't get back from the hospital until, I think, around like almost 2200.

So at that point I immediately went in to our CP, and Commander [REDACTED] was in there talking to another person. And I said, "Hey, can I steal you for a second?" So he -- the other guy left, and then I had a one on one with the commander. I said, "Hey, just an FYI. I engaged. I hit him. He went down," blah, blah, blah. You know, and then we kind of -- I gave him the story I just told

1       you guys. Then he says, "All right. Good job.  
2       Don't leave. They're going to want to talk to  
3       you." I'm like, "I figured." But I didn't tell  
4       him until -- he was the only person I told that  
5       night, you know. It was around 2200.

6       Q. Had you spoken with anyone about it prior  
7       to returning to the local Command Post and speaking  
8       about it with Commander [REDACTED] in person?

9       A. No, sir.

10      Q. When you signaled to Secret Service snipers  
11      that you were recognizing, "Good hit," did they  
12      receive -- did they recognize that you were  
13      signaling to them?

14      A. Yes, but I don't -- I mean, which kind of  
15      makes sense now, but that was the other team member  
16      that engaged. I don't know if he knew what I was  
17      talking about or what or what I was trying to  
18      confirm. Because he was looking -- we made eye  
19      contact. I'm like, "Hey, good hit. Good hit." I  
20      know he heard me, because, like I said, he's right  
21      above me, but he didn't acknowledge anything.

22                So whether that's just their protocol or  
23      if he didn't know I was -- like, all that he knew  
24      there was engagements, or maybe he didn't know what  
25      I was -- exactly what I was talking about, you

1 know. But, yeah, he didn't -- he didn't  
2 acknowledge anything, though. He just -- we made  
3 eye contact. I talked to him, gave handoff  
4 signals, and he just looked at me and then looked  
5 away. Looked back over towards where Crooks was.

6 Q. After you spoke with Commander [REDACTED] back at  
7 the local Command Post, after you returned to the  
8 campaign rally site, you mentioned that you were  
9 going to discuss firing at Crooks with someone  
10 later that evening. Who were those individuals or  
11 what individual was that?

12 A. Yeah. So eventually I met up with  
13 Pennsylvania State Police and the FBI. That's  
14 where the FBI ended up taking my rifle. We did a  
15 round count. They went through all my rounds.  
16 They took it -- you know, they took everything.  
17 Apparently, it's still down in Quantico or  
18 whatever.

19 Q. After the FBI took your rifle, they haven't  
20 returned it to you yet?

21 A. No, sir.

22 Q. In discussing your rounds that were used  
23 firing at Crooks that day, did you relay similar  
24 information that you discussed with us earlier  
25 that --

1 A. Yes.

2 Q. -- you fired one round.

3 A. Yes, sir.

4 Q. Correct?

5 A. Yes, sir. Yes. Kind of the same thing I  
6 told you earlier. Like they had me go through my  
7 weapon. I didn't touch it after I shot the weapon.  
8 So the entire time I let the weapon go, I had it  
9 slung on my kit, my person. It was loaded on  
10 safety the entire time until I made contact with  
11 the feds. At that point when they told me to clear  
12 it, make it safe, that's when I did that.

13 Dropped the magazine, cleared it, racked  
14 it, set it down. I had my weapon on safe. Dropped  
15 the bolt, everything, all that stuff. Put my  
16 magazine down. Then at that point they had me go  
17 -- they had me empty the magazine, then we did a  
18 count. Then I explained to him same thing I told  
19 you, like, you know, how I do my rounds. You know,  
20 two bonded, one hollow point, two bonded, one  
21 hollow point. Ending with a bonded, hollow point,  
22 bonded. Told them that my first round would have  
23 been a Hornady TAP Barrier -- all the same stuff --  
24 and then they boxed everything up and it was gone.

25 We did try to go back to my area to

1 locate the brass casing. We did not find it that  
2 night, but they did tell me that next morning when  
3 they brought the team out to look, they did find  
4 the brass casing. Because I knew that I -- my  
5 spent casing that I engaged with. Then they have  
6 that as well.

7 Q. Do you recall who informed you that they  
8 had found the brass casing?

9 A. Yeah. It was the -- so that -- I believe  
10 it was that Wednesday I had to go to Moon Township  
11 down by the Pittsburgh Airport, PSP barracks, with  
12 [REDACTED], the other attorney, and we had a  
13 -- I had my interview with state and feds. That's  
14 whenever the state police -- because I asked --  
15 because that trooper was there with me that night.  
16 I asked him, I said, "Did you find my casing?" He  
17 goes, "Yeah, they found it." So it was PSP that  
18 told me.

19 Q. Just for the record, that brass casing  
20 would have been at the position where you fired at  
21 Crooks; correct?

22 A. Approximately. I mean, obviously, the  
23 ejection travel was going to take it to my right.  
24 So wherever I was, it was going to either go kind  
25 of 2 o'clock to a 4 o'clock position of where I was

1 standing at.

2 Q. Do you know if the bullet that you fired  
3 was recovered?

4 A. No, I have no idea.

5 Q. Did you participate in helping locate the  
6 brass casing?

7 A. The night of we looked, but, like I said,  
8 there was I think three of us -- three troopers and  
9 myself, but we didn't find it.

10 Q. Who were the troopers that were with you?

11 A. I have no idea, sir.

12 Q. Were they Pennsylvania State Police?

13 A. Yes.

14 EXAMINATION

15 BY [REDACTED]:

16 Q. Sir, you referred to these analyses about  
17 the shots fired, and I'd like to know if you could  
18 describe what those analyses are.

19 A. What do you mean?

20 Q. Who provided the analyses?

21 A. For --

22 Q. The shots fired, the timeline.

23 A. You mean like the 5 seconds, 10 seconds,  
24 15?

25 Q. Yes.

1           A.    It was something that was -- someone had  
2   that on -- like an online thing, whatever.

3           Q.    It was a private --

4           A.    Correct.

5           Q.    -- actor?

6           A.    Yeah. I want to say it was the guy who  
7   does Peak Prosperity. I think that was the first  
8   one that we saw, that he timed it out, but I --

9           Q.    Are you aware whether he spoke with law  
10   enforcement in order to make that analysis?

11          A.    I have no idea. Apparently, they have  
12   these -- I have no idea if it's an actual, like,  
13   good analysis. But that's what -- if you go by  
14   time -- like, if you go by like stamped times, I  
15   guess, is what he went by, that's what it was.

16          Q.    Once you fired the shots, what transpired  
17   between -- the shot, singular -- what transpired  
18   between that time and the time at which you made  
19   your departure for the hospital?

20          A.    So after I confirmed with the Secret  
21   Service, I started walking -- I go then to my CAT  
22   Team 1. That's when the civilians were calling --  
23   they were calling for help. So at that point I  
24   responded over to the bleachers that was to my,  
25   like, 6 -- really like my 7 o'clock. I went over.

1 They said, you know, "He's been shot. He's been  
2 shot." So I jump up on the bleachers, and I saw  
3 the gentleman that was shot in the head. I knew  
4 for me, because I was -- at that point I'm still  
5 alone by myself. At that point I knew I was going  
6 to be no help to him.

7 So I jumped off, ran back towards  
8 Building 16, started yelling for medic. Yelled for  
9 medic for a few times. Medics came out. One medic  
10 and a doctor came out. Got those two over to him.  
11 That's whenever they started treating him.

12 At that point is whenever I started  
13 seeing the troopers and some of those -- either  
14 Secret Service or Homeland Security guys come out  
15 of the -- also come out of that barn area, or at  
16 least around that area. Maybe the tent. They came  
17 out also to assist with injured.

18 At that point I walked back to Building  
19 16. Was then contacted by Charlie 2, which is  
20 Deputy Commander [REDACTED], requesting me to bring a  
21 CAT team up to a hospital. Then from there, like I  
22 said, maybe over the next three or four minutes,  
23 for me to get there to -- inside the armor, and  
24 then we exfil to the hospital.

25 Q. How did [REDACTED] contact you?

1           A.    He tried to get me over the radio, but it  
2           was too busy.  So he actually contacted me via  
3           phone, cellphone.  He called me.  He was with -- he  
4           was en route to the hospital.  He was embedded with  
5           the Secret Service counter assault team that was in  
6           the motorcade with the former president.

7           Q.    Do you know whether the individual in the  
8           red shirt was ever detained for questioning?

9           A.    I believe he was.  I believe yellow shirt  
10          and red shirt were both detained.  From my  
11          understanding, their phones were seized, and then,  
12          obviously, like, they went through them or  
13          whatever, and they were questioned.

14          Q.    Going back to your personal observations,  
15          did you observe gray shirt, who you eventually  
16          appreciated to be Mr. Crooks, interact with  
17          anybody?

18          A.    No.

19          Q.    And [REDACTED] comments to you, did he  
20          describe gray shirt interacting with anybody?

21          A.    No.  The way he -- the way I remember it  
22          was he was basically telling me how he was just  
23          back and forth.  Like he would walk like towards  
24          the fence, away from the fence, towards the fence,  
25          away from the fence.  Kind of like on that -- like

1 here's, like, the buildings, he was kind of walking  
2 back and forth this way. Not that far. I'm just  
3 -- I'm overexaggerating. But kind of put him at  
4 the fence line walking back towards like Whitetown  
5 Road here, then he's going back.

6 Q. North and south on the east side of the AGR  
7 Building?

8 A. Would that be east side or west side of the  
9 building? Would that be west side of the building  
10 over here? That's north; right?

11 Q. Yes.

12 A. Yeah, it would be the west side of the  
13 building.

14 Q. Got it, thank you.

15 A. Yeah, just north and south, west. But,  
16 like I said, just like the length of like the front  
17 of that building. Then eventually when he walks  
18 north that last time -- for me at least -- that's  
19 the last time I see him.

20 Then the next thing I hear about him is  
21 sometime later where he was observed. It was put  
22 out over the net that he was walking towards  
23 Sheetz, which is the gas station up at the  
24 intersection of 68 and Meridian Road, which would  
25 be up here, according to the map. So you take

Meridian Road up. Where these two meet, that Sheetz gas station is up there. So that's where they said he was observed walking to. I'm like, "Oh, okay. Well, maybe he's leaving. They said he's walking towards Sheetz." So we're -- like, I'm under the impression that he's no longer even near the AGR Building, you know, so --

[REDACTED]: For the record, the witness was identifying an area that is not indicated on Exhibit 1.

BY [REDACTED]:

Q. When was your end of watch?

A. That day?

Q. Yes.

A. Oh, the time -- I mean, the time I left that farm show ground I want to say was around 03.

Q. You described an interview with the state police and Federal Bureau of Investigation. Am I remembering that right?

A. Yes.

Q. Was that interview concurrent or separate?

A. Together, yes. Same -- same time.

Q. About when was that?

A. I believe it was that Wednesday. I believe it was that Wednesday following the rally.

1 Q. Have you interviewed with any other federal  
2 entities, to your knowledge?

3 A. I know that -- not the Secret Service.  
4 State police and the feds that Wednesday. I know I  
5 met with the -- what was it, the Grassley Committee  
6 or whatever. Who else was there? The Homeland  
7 Security Committee, whatever, and now you guys.

8 Q. Did you complete any after action reports  
9 for Butler County ESU?

10 A. Yes, I've done my own. The commander does  
11 not have it yet, but, yes, I do have my own after  
12 action review.

13 EXAMINATION

14 BY [REDACTED]:

15 Q. Going back to after you fired shots and  
16 returned to the bleachers behind the stage, can you  
17 confirm what civilian you identified as being shot?

18 A. I don't know the gentleman's name. It's --  
19 it's that [REDACTED], whatever his  
20 name was. [REDACTED] or whatever.  
21 And, again, I didn't know at the time. That's just  
22 later on just knowing that that was the gentleman  
23 that was killed.

24 Q. [REDACTED]? Does that sound right?

25 A. Is that how you say it?

1 Q. Yes.

2 A. Yes. That would have been him. He would  
3 have been like on my side of the bleachers there  
4 where I was standing, you know, in between myself  
5 and the former president.

6 Q. After identification of [REDACTED],  
7 can you describe the evacuation of the campaign  
8 rally site, the movements of the crowd, the  
9 movement of law enforcement?

10 A. Honestly, no, because, like I said, once I  
11 got medics and the doc to the victims, I went  
12 behind the stage, spoke to Deputy Commander  
13 [REDACTED] Then I exited through Building 16 at the  
14 end and then walked over to the -- I was unaware of  
15 where my vehicle was. It was with CAT Team 1. I  
16 didn't know where they moved it to exactly, so I  
17 ended up going to Building 16 to the rear, and then  
18 walked over to, you know, to the right to meet --  
19 to link up with that vehicle. So I had -- I did  
20 not see anything but the crowds.

21 As far as I was concerned, was that they  
22 were holding the crowd basically -- basically, they  
23 were keeping everything, like, contained until  
24 everything was situated and they got the candidate  
25 out of there. Then at some point they ended up

1 evacuating everybody. I don't think it was an  
2 immediate evacuation right after everything took  
3 place. There wasn't like a big scramble. Like,  
4 people weren't, like, fleeing. Everyone was just  
5 kind of like standing there, hunkered down, just  
6 kind of watching.

7 Then, eventually, like I said, that's  
8 when they started filing people out. But, again, I  
9 don't know for sure, because, like, again, I wasn't  
10 there at that point. That's just my understanding  
11 in talking to the guys that were still there  
12 on-site.

13 Q. Prior to your engagement of Crooks with  
14 your rifle, I understand that earlier you were  
15 discussing that you had seen different Secret  
16 Service personnel in and around Building 16. Prior  
17 to engaging Crooks with your rifle, can you  
18 describe the whereabouts of Secret Service near  
19 your position?

20 A. And, again, like when I took -- when I  
21 engaged Crooks, like there was nobody around me.  
22 Like I -- like, I'm pretty sure Trooper [REDACTED] was  
23 still around the area where he was posted up by the  
24 fence. But, again, I can't confirm or deny that.  
25 Other than that, I mean, I saw no other agents, no

other officers, troopers, operators. It was literally just myself.

There was something -- the reason I was still there was there was something -- I don't know what it was, but there was something there just keeping me there. Like I didn't return back to my guys yet. It was just kind of keeping me there for some reason. I'm like, "I got to see what's going on here so I can send up intel," whatever, you know, talk to the commander. Then, literally, that's whenever shots started ringing out, and it happened pretty quick.

Q. Can you describe your advance on Crooks? Did you receive any instruction from radio or Secret Service to advance on Crooks with your rifle?

A. No, huh-uh. So, again, we got the call for [REDACTED] I told [REDACTED] to go. I'm like, "Go, go, go." He linked up with the [REDACTED] I gave the TL to [REDACTED] handoff to the -- you know, to get out of here. And then, literally, you know, seconds after that is whenever, you know, Crooks engaged.

There was two fence lines in between me and Crooks, obviously. So it really wasn't like -- it really wasn't like an advancement. I was

1       literally standing there. I heard shots fired.  
2       Looked up. Saw him. Squared up and engaged. Like  
3       I was basically all -- it's all me just staying  
4       there in a single position in the middle of that  
5       field, you know, in front of Building 16.

6       Q.     Okay. Do you recall viewing any drones,  
7       hearing any drones that day?

8       A.     No, sir.

9       Q.     Did you receive any instructions on  
10      identification of any drones at the campaign rally  
11      site?

12      A.     No, I didn't.

13      Q.     Do you recall drones being discussed during  
14      the campaign rally site?

15      A.     Yeah, I know we brought them up. I know we  
16      had one available, but it never went up.

17      Q.     And that was a Butler County ESU drone?

18      A.     I believe so, yes, sir.

19      Q.     Do you know why that didn't go up?

20      A.     I don't know -- again, I can't confirm or  
21      deny, but I know, like the radios, it was offered  
22      as an asset, but it was not utilized. I don't know  
23      why it wasn't utilized. I'm not sure.

24      Q.     And going back to your total communications  
25      for that day on your person, you had your radio,

1       which was set on OPS 4; correct?

2           A.     Yes, sir.

3           Q.     You had a cellphone; correct?

4           A.     Um-hum.

5           Q.     Was that a work phone or a personal phone?

6           A.     It's a personal phone.

7           Q.     On your personal phone, you had text  
8     ability and you also had Signal Messaging app  
9     ability; correct?

10          A.     Correct.

11          Q.     Did you correspond on Signal during that  
12     day?

13          A.     I did not. I used it to get information,  
14     but I did not -- the only thing I put out on Signal  
15     was earlier in the day at like 10:45, saying, "Hey,  
16     report back to here. We need to do PCCs and PCIs  
17     to get the day started."

18          Q.     Did you have any activity issues with your  
19     personal phone that day?

20          A.     No.

21          Q.     Do you have FirstNet?

22          A.     Yes.

23          Q.     Around the time that shots were fired, you  
24     mentioned that you were trying to use your radio to  
25     call in your shots on Crooks; correct?

1           A.     Correct.

2           Q.     However, your radio, intended for use for  
3 OPS 4, was occupied with a lot of radio traffic;  
4 correct?

5           A.     Correct.

6           Q.     And because there was a lot of radio  
7 traffic, the radio wasn't functioning properly and  
8 it was making a sound; correct?

9           A.     Yeah. It was working fine, but, yeah, it  
10 was -- it tones out whenever there's -- you can't  
11 step over somebody else who's already transmitting,  
12 and a lot of people were transmitting. Sometimes  
13 some things they -- it doesn't want you to be put  
14 over the net, just because it's not imperative.  
15 You know, so there's just a lot of people just, you  
16 know, talking on the net that -- they're just tying  
17 it up. So I can't overstep them by just hitting my  
18 mic, you know. So, basically, it's like a busy  
19 tone. It's just somebody else is transmitting and  
20 I can't.

21          Q.     Did that happen at any point during the day  
22 on your radio prior to shots fired?

23          A.     No, not really. I mean, not on my radio.  
24 I mean, I didn't really radio to anybody else  
25 throughout the day. I mean, a couple times here

and there just, you know, somebody asking a question. Just to confirm something, "Yes, [REDACTED]," you know, whatever, but not for anything specific. But, yeah, that was -- the radio was pretty much clear all day until, obviously, the incident.

Q. What about after shots fired?

A. Oh, yeah, it was busy. It was busy pretty much the rest of the night. That's why I waited till -- and, I mean, I wasn't going to put it over the net an hour or two later that I had engaged at that point, you know. So I just waited for myself to get back.

Then at the hospital, all those guys on the radio, you know, just saying, "Hey." I was giving [REDACTED] ETAs on our response to the hospital. You know, five minutes out, whatever, because they were -- apparently, the Secret Service guys, the CAT team guys were asking, "Hey, what's the ETA," this and that. But other than that, yeah, that was minimal. Minimal radio transmission, at least from my standpoint.

[REDACTED]: Okay. Thank you, [REDACTED]. We're out of time for our round. We'll go off the record.

(Off the record.)

## EXAMINATION

BY [REDACTED]:

Q. [REDACTED], when we were just speaking, our colleagues asked about an after action review. You said that you had completed one, but your commander doesn't yet have it. What did you find? What does that report say?

A. Honestly, the same thing here. I mean, just basically just going through my involvement. You know, it's like a -- kind of like a timeline, you know. Like "On July 5th," you know, "I was notified by Commander [REDACTED] that we were going to be participating in the Trump Rally," you know, "at the Butler Farm Show grounds." Then, you know, it kind of just goes through like a -- I guess like a timeline of what my involvement was.

You know, on the 10th or 11th or whatever it was, we were doing the walkthrough of the farm show grounds. You know, July 13th I arrive the 09. You know, the briefing at 9:15 at the Brady Paul Building. Then from there around, you know, 1811 mark, you know, shots fired. Then from there going to the hospital, securing the hospital site, and then returning back to the farm show grounds around 2200.

1 Q. Is there anything in that report or in your  
2 general reflections that we've not covered yet  
3 today that you'd like to add to the record?

4 A. No. You guys probably have more than I  
5 have in my after action review. It actually helps  
6 jar -- you know, bring things out, you know,  
7 discussing it, instead of me sitting there trying  
8 to think of everything that went on.

9 Q. Have we jogged anything else that we  
10 haven't touched upon yet today?

11 A. Not really. I don't think.

12 Q. You mentioned that [REDACTED] had body  
13 camera footage of you taking the shot.

14 A. I believe it's Lt. [REDACTED]

15 Q. You believe it is. Might it be somebody  
16 else?

17 A. I don't think. I think I was told that it  
18 was Lt. [REDACTED] body cam. But I didn't speak to  
19 him directly, saying that it was his body cam. So  
20 I guess I don't want to say it was. I'm pretty  
21 sure it is, though.

22 Q. Were you wearing a body cam?

23 A. No. We don't have body cams.

24 Q. Is that just a part of the -- the SWAT team  
25 doesn't generally wear body cams?

1 A. I really don't. We just don't have them.

2 Q. I just want to spend a moment also  
3 clarifying the reporting lines for the day. As I  
4 understand it, you were leading one of the counter  
5 assault teams or were you in charge of both teams?

6 A. I was overseeing both teams, yes. So,  
7 basically, if something happened, I was to then  
8 deploy -- I would use my judgment -- it would be my  
9 call to where I would have those vehicles or those  
10 teams deploy. How they would deploy. How they  
11 would infil. How they would exfil. That kind of  
12 stuff. I basically had command and control of both  
13 teams.

14 Q. And you were directly reporting to  
15 [REDACTED]?

16 A. Yes. So, yeah, I would report directly to  
17 Commander [REDACTED]

18 Q. What about the [REDACTED] team, who did they  
19 report to?

20 A. Commander [REDACTED] or like myself or, you  
21 know, my -- I'm a team leader for ESU. My ATL is  
22 [REDACTED], and he was a team leader of [REDACTED] But  
23 he would then report -- like he would -- it would  
24 be his job, if he had anything, either to come to  
25 me, who I'm his team leader, or go to the commander

1 for something. You'd basically do the chain of  
2 command.

3 Q. Did you consider the ESU sniper team to be  
4 sort of a third bucket?

5 A. Yeah, they're kind of like -- I mean, I  
6 guess they're kind of like their own entity. I  
7 mean, they're part of us, but, yeah, they're kind  
8 of doing their own thing off to the side as far as  
9 intel gathering. They report, again, their TL, who  
10 then reports to Commander [REDACTED]

11 Q. And who was their TL that day?

12 A. [REDACTED]

13 Q. [REDACTED].

14 [REDACTED]: My colleague has a few  
15 questions as well.

16 EXAMINATION

17 BY [REDACTED]:

18 Q. A few follow-up questions. Do you happen  
19 to know what led to [REDACTED] looking at the AGR  
20 Building?

21 A. No, I mean, he's a very observant OCD kind  
22 of officer, which is great. He just -- he was  
23 always -- his mind is always going. And he was  
24 just -- he watches crowds. He watches people. He  
25 just -- that's just what he does.

1 Q. You said for CAT, you guys were inside the  
2 barn and the vehicle was outside; is that right?

3 A. Yes. It was to the rear of Building 16,  
4 yes. So we were in Building 16 at the front on  
5 foot. Then we had guys -- the team, the actual CAT  
6 team that was on duty for CAT Team 1 was actually  
7 at the vehicle at the rear of Building 16.

8 Q. Do you know if [REDACTED] of [REDACTED] was inside or  
9 outside of the building?

10 A. He was -- well, he was like outside with me  
11 or at the door. So, like, if this is the barn,  
12 here is the door of the barn. He's standing here,  
13 and then him and I would walk up to the fence line  
14 occasionally, watching these guys, or to the  
15 trooper there at the corner where I marked on the  
16 one map. So we were kind of like in and out. We  
17 were never really in the barn. We were always kind  
18 of at the main gate, the barn door, always watching  
19 over on that side -- at least [REDACTED] was.

20 Q. So before identifying these three suspects,  
21 gray shirt, red shirt, yellow shirt, would [REDACTED]  
22 have been inside or --

23 A. Sometimes.

24 Q. -- would he have already been outside?

25 A. He was inside, maybe if they were in there

1 talking as far as the [REDACTED] But once we went like  
2 hot at like 1100, guys were kind of like in and  
3 out, in and out, in and out. For the most part,  
4 they would stand at the door kind of like watching  
5 everything going on, you know, as far as you could  
6 see -- as much as you could see like in the crowd  
7 with the bleachers there in the way. But we were  
8 kind of like there at the entrance of the barn kind  
9 of watching everything going on.

10 Not so much looking for threats, but  
11 just kind of like, you know, how many people are  
12 showing up and this and that. And just like  
13 everything that went into like doing all this,  
14 putting this together for the event that day, you  
15 know, so -- and then come -- like I said, around  
16 1600 is whenever at some point [REDACTED] takes interest  
17 in these guys and let's me know about it.

18 Q. And you started answering this, but if  
19 you're inside the barn, can you see out to the  
20 crowd? Can you see out to the back of the barn?  
21 Like what can you see if you're inside?

22 A. Nothing really around you. Like you  
23 have -- there's a front entrance and a rear  
24 entrance. It's basically like a large cattle barn.  
25 There's no, like, windows on the sides. It's fully

1 enclosed except the barn doors. So, no, you're not  
2 going to see anything until you get outside of one  
3 of those doors.

4 Q. You said that earlier but before Former  
5 President Trump arrived there were people helping  
6 out with medical emergencies, like maybe giving out  
7 water and things like that?

8 A. Yeah, like local EMTs, paramedics. We had  
9 like -- I don't know where it was, but they had  
10 like a casualty collection point, like CCP set up  
11 where they would take them for like a triage  
12 whatever. Get them hydrated. Maybe do IVs, that  
13 kind of stuff. Yeah, there were EMTs, paramedics  
14 like all over the place just running, assisting  
15 people for having heat exhaustion or some kind of  
16 heat injury or whatever.

17 Q. Were members of CAT or [REDACTED] helping with  
18 that?

19 A. Negative. We'd take some waters out. Like  
20 if someone in the crowd there, they were like,  
21 "Hey, do you have any water," we'd run a bottle of  
22 water out to them or whatever. But they weren't a  
23 casualty, though. They were just asking for water.

24 Q. At some point you mentioned that CAT and  
25 [REDACTED] never saw the range finder.

1           A.     Correct.

2           Q.     But if they did, they would have thought to  
3 detain him, or are you saying --

4           A.     It would have ramped up like our suspicion  
5 now. So, you know, you see somebody with a range  
6 finder, you know, a laser with a range finding a  
7 target, in our world, you know, that's a different  
8 -- it's a different clue, you know. So we're going  
9 to -- okay, now we definitely need to get somebody  
10 over there and get this guy detained or at least  
11 questioned. "What are you doing?" You know,  
12 "What's going on here?" "Why are you here?" "Who  
13 are you?" You know, that kind of stuff.

14                     But, again, at this point, there was no  
15 -- we didn't see a phone. We didn't see a range  
16 finder. Like, we didn't see anything. Then once  
17 it came out that he had the range finder, that's  
18 when we're -- now we're trying to get people over  
19 there to now locate this guy.

20           Q.     And by people, are you trying to get [REDACTED]  
21 over there?

22           A.     No. Like boots on the ground. Like your  
23 PSP guys or somebody, because they were in charge  
24 of doing anything that had to do with civil  
25 disturbances or anything like that, or like

investigatory stuff. So whether it was PSP, sheriff, local township officers, just somebody, just trying to get any kind of boots over there to interact with these guys.

Q. Would it have been -- and I understand that you guys weren't hearing much on OPS 4. In retrospect or in a different scenario, would it make sense to send [REDACTED] to somebody with a range finder on a roof?

A. No. At that point -- well, I mean, he wasn't on the roof with the range finder, but, still, we're not going to deploy a [REDACTED] element for a range finder. [REDACTED] is there -- [REDACTED] mission was -- so like the CAT team, we were there for a coordinated attack. [REDACTED] was there for like an active shooter threat. So in this case, like Crooks, like someone who actually opens fire with a firearm, that's when [REDACTED] is going to be deployed, not for anything prior to that, basically.

Q. So they can't deploy until someone opens fire?

A. Unless they had means to -- if the guy's running around with a rifle, if it's clearly a gun, you know, running around, trying to get into position, now, yes. That's a different story. But

1 like someone who doesn't have a weapon or is not --  
2 you know what I mean? Like there has to be a good  
3 reason for [REDACTED] to be deployed. Gun or, obviously,  
4 open fire, then the [REDACTED] can be deployed.

5 Q. And when [REDACTED] was watching the AGR  
6 Building and I think you interacted with him some,  
7 did anyone ever alert [REDACTED] that there were three  
8 people being monitored over there?

9 A. I do believe it did get pushed up at some  
10 point that there were some suspicious people over  
11 there that were being watched. But I can't -- it  
12 wasn't me that patched it up. So I can't --

13 Q. Okay. So possibly [REDACTED]

14 A. Correct. But, yeah, I can't -- yeah, I'm  
15 not going to -- I have no idea.

16 Q. And my colleagues have inquired about the  
17 after action report that you did. You said that  
18 [REDACTED] does not have it yet. Why doesn't he?

19 A. I just haven't -- he hasn't asked for it  
20 yet.

21 [REDACTED]: Did he ask you to create  
22 it or did you do it on your own?

23 SGT. [REDACTED] After every mission, for  
24 the most part -- not just the Trump rally -- we  
25 always do like ARs -- AARs. So if you have like a

critical part in that mission, we always do those. So, like, "Here's what I did." You know, if we do a high risk warrant. If we do a -- whatever, no matter what we do, we always have to do AARs. So here's what this guy did. Here's what this guy did. Here's what this guy did. And that all goes into -- in the file.

So, yes. So everyone during this is going to do an AAR. But, like I said, it just hasn't been called up yet.

[REDACTED]: That's all I have, sir.  
Thank you.

SGT. [REDACTED] Thank you, sir.

[REDACTED]: That's all I have. Thank you.

[REDACTED]: We can go off the record.

(Off the record.)

#### EXAMINATION

BY [REDACTED]:

Q. [REDACTED], did you engage with anyone at Secret Service from the time of departing to the hospital to the time of arriving from the hospital?

A. No, ma'am.

[REDACTED]: I'm going to introduce another exhibit, Exhibit 3, Majority Exhibit 3 for

the record.

EXAMINATION

BY [REDACTED]:

Q. Do you recognize this document?

A. Vaguely. Someone's timeline, it looks like.

Q. This is a Butler County ESU type of after action overview presentation that the Task Force received. There is a timeline in here, and I can just direct you to the page right here that talks about the July 13th date.

A. Okay. Yeah, I think this is the one -- I think this is the timeline that Commander [REDACTED] -- I can't remember who that went to, what committee it went to.

Q. I'm going to read this bullet that I'm interested in here. "At approximately 18:11:38, a Butler ESU operator on the ground behind the stage, between the stage and the barns, observes the shooter on top of the AGR Building firing rounds. Approximately 5 seconds after shots begin, he engages the actor by firing 1 round from his patrol rifle at the actor." Is that Butler ESU operator mentioned in this point you, sir?

A. Is it named in here or like in the bullet

1 comment?

2 Q. Yes. Is that Butler ESU operator that's  
3 mentioned in the first bullet point on this page,  
4 is that you, sir?

5 A. Yes, sir.

6 Q. Okay. Thank you. Now, we'd like to move  
7 to addressing our -- Majority's first exhibit and  
8 just go through some of the locations and actions  
9 that were described using Majority Exhibit 1.

10 A. Here's where you want me to mark them?

11 Q. Yes, sir.

12 A. Okay. Do you want me to use certain colors  
13 for certain things?

14 Q. I can help direct you, sir, but if you  
15 wouldn't mind using that blue Sharpie that's next  
16 to you.

17 A. Okay.

18 Q. First, would you be able to outline the  
19 walkthrough that you attended on July 11th?

20 A. Um-hum.

21 Q. And your path around the campaign rally  
22 site?

23 A. (Marking document.) You want me to put  
24 where we had the little meeting first or just  
25 the --

1 Q. That would be great, yes, please.

2 A. (Marking document.) Okay.

3 Q. Next, can you mark with a square box where  
4 your post assignment was for the July 13 rally?

5 A. Is green all right --

6 Q. That's fine.

7 A. -- or keep blue. (Marking document.) Okay.

8 Q. Next with a green triangle, can you  
9 indicate on the map where the red, yellow, and gray  
10 shirt individuals were identified?

11 A. (Marking document.) Okay. Green is kind  
12 of tough to see on the green. I'm going to -- I  
13 guess we'll make it black.

14 Q. Okay. We'll have a black triangle  
15 reflecting where the red, yellow, and gray shirt  
16 individuals were identified.

17 A. Okay. (Marking document.)

18 Q. Next, can you put an "X" where you were  
19 located at the time that you fired shots at Crooks?

20 A. Blue marker all right?

21 Q. Yes, sir.

22 A. (Marking document.) Okay.

23 Q. Next, can you describe where your CAT team  
24 moved at the time shots were fired, and for you to  
25 use a line of demarcation that demonstrates that?

1           A.     They started here in the back of Building  
2     16. (Marking document.)   Okay.

3           Q.     Next, can you draw a line depicting where  
4     the [REDACTED] team moved after shots were fired?

5           [REDACTED]:   And maybe note "[REDACTED]" to  
6     identify the line.

7           A.     I'm marking it with green.

8           Q.     Okay.

9           A.     I don't know their exact route, but I have  
10    an idea. (Marking document.)   Okay.   You want me  
11    to put "[REDACTED]"

12          Q.     That works great.

13          [REDACTED]:   Then at this time, I'll  
14    defer to my colleagues on the Minority if they want  
15    any particular indication, demarcation made on  
16    Majority Exhibit 1.

17          [REDACTED]:   No, I think that's clear.  
18    Thank you.

19          SGT. [REDACTED]   Do you want where the  
20    shooter was or anything?

21          [REDACTED]:   That works.   Yes, please.

22          SGT. [REDACTED]   (Marking document.)  
23    Black "X".

24          [REDACTED]:   Thank you.

25          [REDACTED]:   And, actually, perhaps two

1 more. Have you marked where you understood the  
2 Secret Service counter snipers to be posted?

3 SGT. [REDACTED] I can, yeah.

4 [REDACTED]: A blue dot.

5 SGT. [REDACTED] A blue dot? (Marking  
6 document.)

7 [REDACTED]: And as between those two  
8 buildings, which was the location of the counter  
9 sniper to whom you called that it was a good shot.

10 SGT. [REDACTED] I told this team here.  
11 I will circle that dot. (Marking document.)

12 [REDACTED]: Okay. And that is the  
13 building that is -- as between the two barns, the  
14 one that is closer to the AGR Complex.

15 SGT. [REDACTED] Correct, yeah.

16 [REDACTED]: Which is also Building 16;  
17 correct?

18 SGT. [REDACTED] Building 16; correct.

19 [REDACTED]: Thank you.

20 [REDACTED]: Thank you very much for  
21 being here today, sir. We very much appreciate  
22 your time and your candidness with us in going  
23 through, you know, the events of July 13th and all  
24 that was leading up to it. Thank you very much for  
25 your service, and we appreciate your being here.

1 SGT. [REDACTED] Yes, sir.  
2 [REDACTED]: We'll go off the record.  
3 (Off the record.)  
4 (Witness excused.)
